HISTORY AND AUTHORITY OF THE DISTRICT ATTORNEY INVESTIGATOR

In California, the title "District Attorney Investigator" is used to designate persons with full peace officer authority employed by the District Attorney. As a classification, the District Attorney Investigator is one of the smallest within the criminal justice system and one of the least understood. He/she enters into the criminal justice system between the police or sheriff detective and the prosecuting attorney.

Generally, the District Attorney Investigator is the extension of the police investigator. He/she is responsible for the development of proof beyond a reasonable doubt to ensure the conviction. His/her role ranges from the traditional functions of criminal investigations and trial preparation to specialized assignments in consumer and environmental protection, major frauds, organized crime and intelligence, child stealing, career criminal units, arson and, in some counties, child support and welfare fraud units. Assignments in many counties also involve investigations of official corruption and/or malfeasance, as well as officer-involved shootings and grand jury investigations.

The District Attorney Investigator is also probably the least studied. We have no knowledge of any published report dealing with the California District Attorney Investigator. Studies of law enforcement in general have either failed to include this category or have reported only limited functions of specific agencies. Similarly, studies of the prosecutor's role have failed to consider the roles of the investigator.

The District Attorney Investigator is actually a rather late addition to the category of law enforcement officers. The Los Angeles County District Attorney's Office became the first to regularly and permanently employ full-time investigators in 1912. It was 13 years later, in 1925, under the administration of Earl Warren, that Alameda County became the second county to employ full-time District Attorney Investigators.

The legal basis for the District Attorney Investigator is contained in [Section 29601 of the Government Code](#). This section provides that all expenses necessarily incurred in the detection of crime and the prosecution of criminal cases by a District Attorney, are county charges.

Historically, the authority of the District Attorney to employ and maintain detectives to assist in the detection of crime and the gathering of evidence was settled in a series of cases in the early 1900's: *Yolo County v. Joyce* (1909), 156 Cal 419; *Thail Detective Company v. Tuolumne* (1918), 204 Cal. 31, and [Cunning v. County of Humboldt \(1928\), 204 Cal 31](#). In essence, these cases held that a District Attorney had authority to employ persons to assist in the detection of crime and the gathering of evidence to be used in the prosecution of criminal cases, and that the claim for such services was a valid charge against the county even though not approved by the Board of Supervisors.

Statutory recognition of the District Attorney Investigator as a peace officer by the State Legislature was not gained until 1952. At that time, the legislature designated the position as a limited duty peace officer. This designation remained until 1968, when the legislature granted full peace officer authority under then [Section 830.3\(b\) of the California Penal Code](#). In 1977, the governor signed Senate Bill 821, which incorporated District Attorney Investigators and inspectors into [830.1 of the Penal Code](#). This did not, at that time, increase the peace officer authority granted to District Attorney Investigators, but brought them in with other general duty criminal peace officers under one section. In 1981, with the passage of Senate Bill 1428, the District Attorney Investigators assumed their rightful place in [Penal Code section 13510](#), and were therefore made eligible for P.O.S.T. training costs reimbursement.

The first P.O.S.T. approved course specifically designed for new District Attorney Investigators was designed, planned and written by a statewide consortium of District Attorney Investigators, Deputy District Attorneys, community college educators and P.O.S.T. staff. The course entitled, "Investigation and Trial Preparation," is an 80-hour class well suited to the new District Attorney Investigator as well as police and sheriff's investigators, and was first offered by Los Medanos College in Pittsburg, California in July, 1984.

In [Hicks v. Board of Supervisors \(1977\), 69 Cal App. 3d 228](#), the courts again upheld and strengthened the District Attorney's authority in holding that the investigation and the gathering of evidence relating to criminal offenses is a responsibility which is inseparable from the District Attorney's prosecutorial function. The District Attorney is charged with the duty of investigating as well as prosecuting criminal activity and has the authority to employ investigators. Those investigators, like the District Attorney, have independent jurisdiction in the county and those cities within the county.

OTHER APPLICABLE AUTHORITATIVE CODES ARE AS FOLLOWS:

Penal Code, Sec. 830.1

Criminal Investigators are peace officers. The authority of such investigators is statewide including investigations within the county of employment, other counties with the prior approval of the chief of police or sheriff in the locality and any place where he/she reasonably believes a crime has been committed in his/her presence, or when there is immediate danger to person or property.

Penal Code, Sec. 830.35

Public Assistance investigators are identified as peace officers if they are regularly employed and paid in that capacity with the primary duty to enforce the provisions of the Welfare and Institutions Code.

Penal Code, Sec. 13500 et al

Criminal investigators are governed by the rules and regulations set forth by the Commission on Peace Officer Standards and Training.

Penal Code, Sec. 1326

Criminal investigators have the power to issue subpoenas on their own signature.

- A. Understand the nature of the complaint;
- B. Undertake efforts to informally resolve the complaint;
- C. Identify the Complainant's requested remedy; and
- D. Give the Complainant a copy of Civil Service Rule 20.

The Coordinator shall notify the EEO Office of the complaint within five (5) days of the initial meeting with the Complainant.

The Coordinator will make reasonable efforts to resolve the complaint if the complaint appears to have merit. When mutually agreed to by both the Complainant and the Appointing Authority of the affected department, the Coordinator may seek the assistance of a mediator available through the San Joaquin County Mediation Center to help resolve the complaint. The Coordinator shall provide written notice to the Appointing Authority indicating whether the complaint was resolved or the specific actions recommended by the Coordinator and/or Complainant to resolve the complaint. Within ten (10) days of the receipt of the written notice, the Appointing Authority will make the departmental decision regarding any actions requested by the Coordinator and/or Complainant that are within the Appointing Authority's authority.

Within three (3) days of receipt of the Appointing Authority's departmental decision, the Coordinator shall provide written notice to the Complainant and Respondent of the results of the informal complaint process. The written notice to the Complainant shall also inform the Complainant of his or her right to file a formal written complaint if he or she is not satisfied with the results of the informal process. The Coordinator shall also notify the EEO Office in writing within three (3) days of the conclusion of the informal complaint process of the results and provide all documentation received during the course of the informal complaint process.

Unless otherwise agreed to by the Complainant and the Coordinator to extend the timeframe, the informal complaint process shall be concluded within thirty (30) days of the Coordinator's initial meeting with the Complainant.

In the case of a complaint from a job applicant, the EEO Office shall process the complaint in the manner set forth in Section 4.

Section 4 Formal Complaint Process

If a discrimination complaint is not resolved through the informal complaint process, or if the Complainant is not satisfied with the results of the informal complaint process, the Complainant may file a formal written complaint with the EEO Office within fifteen (15) days of notice of the results of the informal complaint process.

A formal complaint of discrimination shall be in writing and should be filed on the County's Discrimination Complaint form. The Complainant shall describe in detail the alleged discrimination and the action the Complainant requests to resolve the matter. The complaint must be signed and dated and shall contain at least the name(s) of the individual(s) involved, the approximate date(s) of the event(s) at issue, the names of

any witnesses to the alleged discrimination, the Complainant's requested remedy, and a description of the action(s) constituting the alleged discrimination.

An investigation will be initiated if the complaint meets the following requirements:

- The complainant alleges discrimination prohibited under Section 1 of this Rule and provides enough detailed information to determine the events constituting the discrimination.
- The complaint is filed within fifteen (15) days of the conclusion of the informal complaint process as set forth in Section 3 of this Rule.

Defective complaints shall be returned within five (5) days of receipt by the EEO Office with an explanation of why an investigation was not initiated under this Rule. If a complaint is returned because of lack of detail, the Complainant will be advised that he or she may submit an amended complaint within ten (10) days of receipt providing enough detail to determine the events constituting the discrimination.

Within fifteen (15) days of receipt of a complaint filed in accordance with this Rule, the EEO Office or designee will meet with the Complainant to review the complaint and shall notify the Respondent and Appointing Authority that a written complaint has been received and a formal investigation has begun. The investigation will be conducted in a confidential manner. If the circumstances of the situation call for such action, the Investigator will consult with the Appointing Authority regarding reasonable steps that should be taken to protect the Complainant from discrimination or retaliation during the course of the investigation.

Within sixty (60) days from the date of the initial meeting with the Complainant, or unless there is mutual agreement between the Complainant and the EEO Office to extend the timeframe of the investigation, the Investigator shall complete the investigation and shall provide a written summary of the investigation to the Complainant and Respondent. The summary will indicate whether the alleged violation of this Rule is substantiated or is unsubstantiated.

The EEO Office shall submit a post-investigation report to the Appointing Authority within the 60-day timeframe stated above. The report shall indicate whether the alleged violation of this Rule is substantiated or is unsubstantiated. If the complaint is substantiated, the EEO Office may include in the report advisory recommendations to the Appointing Authority that are designed to deter further violation of this Rule. The EEO Office will also recommend remedial or restorative action(s) that are in conformity with these Civil Service Rules, the County's Memoranda of Understanding, work rules, policies and practices.

Within ten (10) days of receipt of a post-investigation report substantiating a violation of this Rule, the Appointing Authority shall respond in writing to the EEO Office and indicate as follows:

- A. Whether the Appointing Authority agrees or disagrees with the conclusion of the Investigator that the violation of this Rule has been substantiated. If the Appointing Authority disagrees with the conclusion that this Rule has been violated, he or she shall include an explanation of the reason(s) for disagreement.
- B. In addition, as to each advisory recommendation, the Appointing Authority shall report one of the following actions:
 - 1. That the recommendation has been implemented, with a summary of the implemented action.
 - 2. That the recommendation has not yet been implemented, but will be implemented in the future, with a timeframe for implementation.
 - 3. That the recommendation will not be implemented, with an explanation therefore, but that alternative action(s) will be taken which is designed to deter further violations of the Rule, and is in conformity with these Civil Service Rules, the County's Memoranda of Understanding, work rules, policies and practices.
 - 4. That the recommendation will not be implemented, with an explanation therefore.

Within five (5) days of receipt of the Appointing Authority's response, the EEO Office shall provide written notice of the Appointing Authority's decision to the Complainant and shall inform the Complainant of his or her right to file an appeal before the Civil Service Commission.

Section 5 Appeal Hearing Process

If, at the conclusion of the formal complaint process set forth in Section 4 above, the EEO Office concludes (1) that the allegation of discrimination under this Rule has not been substantiated, or (2) concludes that a violation has been substantiated; however, the Appointing Authority disagrees with that conclusion and indicates that he or she will not take any or all remedial or restorative action, a Complainant shall have the right to submit a written request for an appeal before the Civil Service Commission (Commission) within fifteen (15) days of receipt of the written notification from the EEO Office of the Appointing Authority's decision.

The written appeal request shall be filed on the Commission's Request for Appeal form and shall contain the facts and circumstances of the alleged discrimination and the remedy requested by the Complainant.

The Commission may hold a hearing on the appeal. The Complainant shall be notified of the date and time of the hearing or of the Commission's decision not to hear the appeal.

The Complainant may appear personally, produce evidence, and have counsel and a public hearing. The hearing shall be informal and the Commission shall not be bound by any of the rules of evidence governing trial procedure in State Courts; provided, however, that insofar as determined practicable by the Commission, the hearing shall be conducted in accordance with the provisions of Section 11513 of the Government Code, except that the Complainant may be examined and may examine and cause any person to be examined under Section 776 of the Evidence Code. Within thirty (30) days following the completion of the hearing, the Commission shall issue a written decision that the alleged act(s) did or did not constitute discrimination prohibited under this Rule and shall provide written notice to the Complainant, Respondent, Appointing Authority, and EEO Office of its decision.

If the decision of the Commission is that the alleged act(s) constitute discrimination under this Rule, the Commission shall issue an order requiring the person who has committed the discrimination to cease and desist from such action in the future. Failure to cease and desist may constitute grounds for disciplinary action under Civil Service Rule 18. The Commission may also order appropriate remedial or restorative action(s) that is in conformity with these Rules, the County's Memoranda of Understanding, work rules, policies and practices. The Appointing Authority shall have ten (10) days from the receipt of the Commission's decision to implement said appropriate remedial or restorative action(s). The Appointing Authority shall notify the EEO Office, the Complainant and Respondent within three (3) days of the implementation of the action taken as outlined in the Commission's order.

Section 6 Retaliation Prohibited

Retaliation against an employee or job applicant for reporting an allegation of discrimination under this Rule, or against an employee for their support of such an employee or job applicant, is prohibited. However, intentionally making a false report or complaint under this Rule, or intentionally giving false statements or testimony in support thereof, may constitute grounds for disciplinary action under Rule 18 of these Civil Service Rules.

Section 7 Definitions

Appeal: A request by a Complainant made in writing to the Civil Service Commission to review the administrative determination regarding a complaint of discrimination.

Complainant: An individual who believe that he or she has been victim of discrimination.

Days: Calendar days, unless otherwise specified.

Respondent: An individual against whom a claim of discrimination is made.

SAN JOAQUIN COUNTY HARASSMENT-FREE WORK ENVIRONMENT POLICY

I. PURPOSE

San Joaquin County values each employee and strives to provide a nurturing environment where there is mutual respect and support. To foster such an environment, the County is committed to maintaining an environment that is free from harassment because of an employee's age, ancestry, color, creed, marital status, medical condition (cancer or genetic characteristics), national origin, physical or mental disability, political affiliation or belief, pregnancy, race, religion, sex or sexual orientation.

II. DEFINITIONS

San Joaquin County defines harassment as behavior that intimidates, threatens, degrades, torments, or places demands upon another, based upon one or more of the protected categories listed above, to the extent that the conduct unreasonably interferes with an employee's work performance or creates an intimidating, hostile, or offensive work environment.

Examples of harassment include, but are not limited to:

- A. Verbal conduct, such as ethnic or racial slurs, epithets, derogatory or insulting comments, taunting, heckling, unwanted sexual advances or comments, racial or sexual jokes;
- B. Physical conduct, such as impeding or blocking movement, gestures, unwelcome touching;
- C. Visual conduct, such as derogatory or sexually oriented posters, photographs, letter or other writings, emails, cartoons or drawings;
- D. Treating in a disparate manner; or
- E. Retaliating for reporting harassment.

Sexual harassment is a form of sex discrimination that is prohibited under federal and state law. In general sexual harassment is defined as any unwanted sexual advance, request for sexual favors, and unwelcome verbal or physical conduct of a sexual nature.

The actions above will be considered sexual harassment when:

- A. Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual's employment; or
- B. Submission to, or rejection of, such conduct by an individual is used as the basis for employment decisions affecting that individual; or
- C. Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

III. REPORTING HARASSMENT COMPLAINTS

An employee who believes he/she has been a victim of harassment is encouraged to immediately report the complaint to the appropriate supervisor, manager, Department Equal Employment Opportunity (EEO) Coordinator, department head, or to the County EEO Office. A violation of this policy will receive prompt and appropriate action.

Complaints of harassment from employees shall be processed in accordance with Civil Service Rule 20. Complaints from non-employees shall be handled by the appropriate department official. Corrective action up to, and including termination shall be taken against any individual in violation of this policy.

IV. RESPONSIBILITY

Each employee of the County should be aware that the County is opposed to all forms of illegal harassment, including sexual harassment, and that such behavior is prohibited both by law and by County policy.

It is an employee's right to raise the issue of harassment, and managers and supervisors shall ensure that employees in their areas of responsibility are informed of their rights to a harassment-free work environment, and of the appropriate steps to take if they believe that these rights have been violated. Any member of County management and supervisory personnel who receives a report involving potential harassment is responsible for recording adequate information for conducting an inquiry, and making immediate contact with the appropriate Department EEO Coordinator or County EEO Office.

This policy shall be posted within the County departments and made available to employees. Information about the process for filing employment discrimination complaints under Civil Service Rule 20 can be obtained by contacting the

appropriate Department EEO Coordinator, County EEO Office at (209) 468-3374, or through the EEO Web site at <http://www.sjgov.org/eeo/>.

V. RETALIATION

It is a violation of this policy to retaliate or engage in any form of reprisal because a person has raised a concern, filed a complaint of, or been a witness to harassment. Acts of retaliation are subject to appropriate corrective action, up to and including termination. However, if the County determines that an individual intentionally provided false information regarding a complaint, corrective action up to, and including termination may be taken against the person who gave the false information.

VI. TRAINING

The County of San Joaquin has implemented mandatory training to all employees on organizational policies and procedures that prohibit discrimination, including sexual harassment and cultural diversity training.

(Adopted 07/11)

SAN JOAQUIN COUNTY ALCOHOL AND DRUG ABUSE POLICY

The following is the full text of the San Joaquin County Alcohol and Drug Abuse Policy for all San Joaquin County employees.

6/21/91
amended 4/21/92

Preamble

The County of San Joaquin receives various federal grants. As a consequence of the federal law governing such grants, the County certifies that it will provide a drug-free workplace. As part of the provision of a drug-free workplace, the County requires each of its employees to notify the County in writing of any criminal drug statute conviction for a violation *occurring in the workplace* no later than five calendar days after such conviction. The County will notify the federal granting agency in writing within ten calendar days after receiving notice from an employee or otherwise receiving actual notice of such conviction. After having received such notice, the County will take one of the following actions with respect to any employee who is so convicted:

1. Instituting appropriate personnel action against such an employee, up to and including termination;
2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state, or local health, law enforcement or other appropriate agency.

I. PURPOSE

- 1.1 It is the purpose of this policy to eliminate substance abuse and its effects in the workplace. Drugs and alcohol consumption away from the job can affect job performance and employee safety. Employees must be able to perform their duties safely and efficiently, in the interest of the public and their fellow workers, as well as themselves. The use/abuse of drugs and alcohol on the job, and the influence of these substances on employees during working hours, are not consistent with this objective.
- 1.2 This policy provides guidelines for the detection and deterrence of alcohol and drug abuse. It also outlines the responsibilities of San Joaquin County managers and employees. The County will act to eliminate any substance abuse such as alcohol, illegal drugs, prescription drugs or any other substance, which could impair an employee's ability to safely and

effectively perform the functions of the particular job. All Civil Service employees should be aware that violation of the policy means that they may be disciplined subject to Civil Service Rule 18. Contract, temporary and Civil Service exempt employees may be disciplined but are not eligible for rights afforded by Civil Service Rules.

OPTIONS, the Employee Assistance Program, is available to assist employees who may have an alcohol or drug usage problem. Employees are urged to voluntarily seek confidential assistance from the Employee Assistance Program. While San Joaquin County will be supportive of those who seek help voluntarily, the County will be equally firm in identifying and disciplining those who continue to be substance abusers and who do not seek help. Alcohol and drug abuse are recognized as treatable conditions. Unless resolved, these problems repeatedly and continually interfere with an employee's ability to perform his or her job. Therefore, OPTIONS is designed to assist troubled employees. OPTIONS staff will advise employees how to access other rehabilitation services of their choice, whether it be the County health plan or other health plans.

II. POLICY

2.1 Employees shall not:

2.1.1 Be under the influence of or in possession of an unsealed alcoholic beverage container or drugs while on County property, in County vehicles, or at work locations.

2.1.2 Nor shall they utilize such substances while they are on duty or paid standby.

2.1.3 Nor shall they sell or provide drugs or alcohol to any other employee or to any person while such employee is on duty or paid standby.

2.1.4 Nor shall they have their ability to work impaired as a result of the use of alcohol or drugs.

2.1.5 The County may notify the appropriate law enforcement agency that an employee may possess illegal drugs.

2.2 An employee taking prescribed drugs which may interfere with safe work performance shall be required to provide written documentation from the prescribing physician indicating the level of interference with job performance addressed in 5.5. The employee's immediate supervisor or

department head shall determine on a case-by-case basis the employee's ability to perform employment responsibilities (see 3.2). Failure to notify a supervisor may result in disciplinary action up to and including termination. An employee may be required to provide a statement from a licensed physician, nurse practitioner or physician assistant indicating when the employee is able to work safely while taking the prescribed medication.

2.2.1 An employee who is not cleared to work shall not be permitted to work. The employee may use sick leave, accrued time off, or approved leave of absence until he or she is released by a licensed physician, nurse practitioner or physician assistant.

2.3 A supervisor observing an employee with declining work performance and exhibiting ongoing behavior which could cause reasonable suspicion of a substance abuse problem may:

2.3.3 Counsel the employee regarding areas of declining work performance and recommend the employee utilize the Employee Assistance Program;

2.3.4 Document the behavior which has given rise to the suspicion of substance abuse;

2.3.5 Inform the appropriate manager (with departmental budget authority) of the supervisor's intent to recommend substance abuse testing;

2.3.6 Inform the employee of the department's intent to utilize this policy if (a) the behavior does not change; or (b) the employee does not utilize the Employee Assistance Program.

After a manager has received training on substance abuse testing and referral, and taken all measures outlined above, he/she can direct an employee to take a test. Refusal to submit immediately to an alcohol and/or drug analysis and authorize release of test results when requested by a manager may be grounds for discipline, subject to Civil Service Rule 18.

2.4 An employee believed to be under the influence of alcohol or drugs shall be prevented from engaging in further work and shall be directed to remain at the work site until transportation arrangements can be made.

- 2.4.1 Employees who insist on driving and who may be under the influence of alcohol or drugs are subject to arrest by a peace officer.
- 2.5 The County is committed to providing reasonable accommodation to those employees whose drug or alcohol problem classifies them as handicapped under Federal and/or State law.
- 2.6 The County's voluntary Employee Assistance Program (Options-EAP) is available to assist employees who voluntarily seek help for alcohol or drug problems. Employees are encouraged to contact the EAP program directly for additional information.

III. DEFINITION

- 3.1 "Reasonable suspicion" is a belief based on subjective evidence sufficient to lead a reasonably prudent supervisor to suspect that an employee is under the influence of drugs or alcohol to the degree the employee's ability to perform the functions of the job is impaired.
 - 3.1.1 Any of following, alone or in combination, may constitute reasonable suspicion:
 - 3.1.1.1 Slurred speech
 - 3.1.1.2 Alcohol odor on breath
 - 3.1.1.3 Unsteady walking and movement
 - 3.1.1.4 An accident involving County property for which the employee is determined to be at fault.
 - 3.1.1.5 Physical altercation
 - 3.1.1.6 Declining work performance
 - 3.1.1.7 Possession of alcohol or unauthorized drugs
- 3.2 The presence of the above indicators does not determine that an employee is chemically dependent.

- 3.3 Managers are defined as any employee in Executive, Senior Management, Middle Management, Sheriff's Management, and Sheriff's Sergeant bargaining unit.

IV APPLICATION

This policy applies to all full, part-time, contract, and temporary employees of the County. This policy applies to all substances, drugs, or medications, legal or illegal, which could impair an employee's ability to effectively and safely perform the functions of the job.

V. EMPLOYEE RESPONSIBILITIES

An employee must:

- 5.1 Not report to work or be on paid standby while his/her ability to perform job duties is impaired due to alcohol or drug use;
- 5.2 Not possess or use alcohol, or illegal drugs, during working hours or while on County property;
 - 5.2.1 Periodically, County-sponsored functions permit the use of alcoholic beverages, when specifically sanctioned by the Department Head (see San Joaquin County Work Rules, page 2).
- 5.3 Not directly, or through a third party, sell or provide drugs or alcohol to any person, including any employee, while either employee or both employees are on duty or on paid standby except as required in the performance of an employee's duties;
- 5.4 Submit to an alcohol and drug test when requested by responsible County manager, and authorize the release of results of the evaluation and/or test subject to Section 2.3 of this policy.
 - 5.4.1 Laboratory reports and/ or test results shall not be placed in an employee's personnel file. Laboratory reports, test results and/or rehabilitation-related records shall be maintained in a separate confidential file. The confidential file shall be maintained by the Employee Assistance Program Manager in a locked secure location. The EAP program manager shall implement procedures to maintain the confidentiality of the laboratory reports and/or test results and rehabilitation documents. Laboratory reports, rehabilitation documents and/or test results shall not be released to law enforcement agencies without express written approval of the

employee. Such information shall be disclosed to other individuals only on a substantiated need-to-know basis and to the employee upon request. Such disclosure shall be documented. The employee may receive a copy of the report and may review the log upon request. In the event a test does not indicate the presence of alcohol or controlled substance, an employee, upon request, shall be given a letter indicating confirmation of such results.

It is the policy of the Employee Assistance Program to destroy all lab reports, rehabilitation documents and test results after a period of five years unless intervening referrals have been made.

- 5.4 If, in the course of medical treatment an employee is prescribed medication, it is the employee's responsibility to ascertain from the prescribing physician whether the medication would interfere with job performance. If the medication causes impairment, the immediate supervisor or department head will determine the employee's fitness for duty.

VI. MANAGEMENT RESPONSIBILITIES AND GUIDELINES

- 6.1 Department heads are responsible for reasonable enforcement of this policy, maintaining confidentiality and for providing appropriate training to supervisory staff.
- 6.2 Managers can refer an employee to EAP for declining job performance or reasonable suspicion of chemical use. The EAP will provide assessment and referral services to appropriate treatment facilities. Supervisors are encouraged to refer employees to the EAP for intervention and rehabilitation. EAP services are confidential and supervisory referred employees are requested to sign a release of information for attendance purposes.
- 6.3 Drug/alcohol testing is used as a last resort after an employee refuses an EAP referral or EAP recommendations are rejected. The cost of the test(s) will be borne by the referring department. Managers may request that an employee submit to a drug and/or alcohol test when there is a reasonable suspicion that an employee is intoxicated or under the influence of drugs or alcohol while on the job or on standby. Testing methods, procedures and laboratory procedures are arranged and managed by the Department of Health Care Services.

- 6.3.1 The initial screening shall be performed by a National Institute of Drug Abuse certified facility using the Immunoassay screening process where they use radioisotopes to develop antibodies (EMIT method). If the results are positive, the results will be confirmed by the gas chromatography/mass spectrometer (GC/MS method) – San Diego.

To ensure a proper chain of custody, three specimens shall be collected as follows:

One specimen shall be provided in circumstances, which maintain the integrity of the sample.

The specimen shall be divided into three containers, which shall be sealed, labeled, and initialed without the containers leaving the employee's presence.

If a specimen is deemed positive, the employee shall have the option of submitting a second sample to a laboratory of his/her choice for a testing.

Any specimen deemed positive shall be retained and preserved by the laboratory for a minimum of six (6) months or until all legal proceedings relative to the test have concluded, whichever is later.

If the employee tests positive for a substance(s) with a medically recognized usage as a prescription drug without having disclosed such usage as a prescription for the drug or a physician's (or a dentist's) statement relative to the need for such drug. The said prescription must be dated before the date of the drug screen.

If any one of the tests is negative, the entire drug test shall be considered negative.

- 6.4 Managers requesting an employee to submit to a drug and/or alcohol test shall document, in writing within two (2) working days, the facts constituting reasonable suspicion that the employee is intoxicated or under the influence of drugs.

- 6.4.1 Original document is placed in employee's departmental file and one copy given to the employee.

- 6.5 Where there is reasonable suspicion that the employee is under the influence of alcohol or drugs, the manager or supervisor is required to advise the employee to remain at the work site until transportation arrangements can be made to return the employee to his or her home. (See 2.5 & 2.5.1)
- 6.6 Managers and supervisors shall not physically search the person of employees, nor shall they search the personal possessions of employees.
- 6.7 Managers shall notify department heads or designees when they have reasonable suspicion that an employee may have illegal drugs or alcohol in his or her possession, including areas such as parking areas, break rooms, etc. If the Department Head or designee concurs that there is reasonable suspicion of illegal drug possession, the Department Head or designee may notify the appropriate law enforcement agency. Reasonable suspicion is defined in 3.1 in this document.
- 6.8 Alcohol and drug use or abuse by employees is not always evident. Managers shall continue to monitor job performance indicators of employees and refer troubled employees the EAP for intervention of possible chemical dependency. EAP counselors will determine treatment plans and inform the referring managers.

VII. CONFIDENTIALITY

- 7.1 Specific treatment services provided by OPTIONS-EAP are confidential and are not released without the employee's authorization. Employees who are referred by supervisors will be required to sign a release of information to notify their supervisor of attendance. Specific information shared with EAP staff is confidential unless required by law for child abuse or threats of bodily harm.
- 7.2 For the purpose of this policy, alcohol and drug use or abuse by employees will be held in the strictest confidence and shared on a need-to-know basis with appropriate management supervisory and EAP staff.

BUREAU OF INVESTIGATION

MANUAL OF RULES AND REGULATIONS

CHAPTER I

DEFINITIONS

1.1 **Organizational Definitions**

The following definitions will govern terminology to be used in all communications and whenever reference is made to any organizational unit. They are presented here to provide uniformity and clarification of terminology commonly used when discussing the operations and organization of the San Joaquin County District Attorney's Office, Bureau of Investigation.

1.2 **County**

The area contained within the limits of the County of San Joaquin.

1.3 **District Attorney's Office**

Shall be used to include all areas of responsibility and personnel under the control of the San Joaquin County District Attorney.

1.4 **Bureau of Investigation**

This term shall designate the San Joaquin County District Attorney's Office, Bureau of Investigation, and includes all subdivisions and personnel under the command of the Chief Investigator.

1.5 **Bureau**

The same as the Bureau of Investigation which is subordinate to the Office of the District Attorney.

1.6 **Division**

The first major organizational level within the San Joaquin County District Attorney's Office.

1.7 Assignment

A position, post, or a task to which a member has been charged with responsibility for performing.

1.8 Detail

Members of the Bureau of Investigation, grouped together for the purpose of accomplishing a specified mission or task.

1.9 Shift

A period of time within a 24-hour period during which members are engaged in the performance of their assigned duties.

1.10 Memorandum of Understanding (MOU)

The contractual agreement reached between the representatives of the various employee bargaining groups and the County of San Joaquin, in accordance with the “meet and confer” process concerning wages, hours, and other terms and conditions of employment in accordance with current labor laws.

1.11 Sworn Personnel

The members of the San Joaquin County District Attorney’s Office, Bureau of Investigation with Peace Officer status as defined in the California Penal Code, beginning at Section 830, who have been administered the oath of office.

1.12 Civilian Personnel

“Civilian personnel” shall mean members of the San Joaquin County District Attorney’s Office, not included in the term “Sworn personnel.”

1.13 Temporary Employee

A position of a specified/limited duration, made necessary by seasonal workloads, special projects, or other reasons.

1.14 Appointing Authority

The San Joaquin County District Attorney or the District Attorney’s authorized representative.

1.15 Member

All personnel assigned to the Bureau of Investigation, including sworn, civilian, and Bureau of Investigation volunteers.

1.16 Peace Officer Member

A sworn Bureau of Investigation member who has been administered the oath of office and who possesses the power to arrest, pursuant to Sections 830.1 and 830.6 of the California Penal Code.

1.17 Supervisor

Any member assigned by the Chief Investigator to exercise authority over, and who is responsible for overseeing the work activity of another member or group of members. Supervisors may be either sworn or civilian members.

1.18 Command Member

A sworn member who has attained the rank of lieutenant or higher.

1.19 Superior Member

A sworn member having supervisory responsibilities, either temporary or permanent, over members of lower ranking.

1.20 Ranking Member

The member having the highest grade or rank among a designate group. Members of the same grade should rank according to the date of their appointment to that grade. When two or more members are appointed to the same grade on the same date, they shall rank respectively in the order of such appointment. When two or more members are on duty together, the member of the highest rank is in command and will be held responsible. For a special detail and for a specific period, any member may be designated by the commanding member to take command without regard to rank.

1.21 Seniority

Seniority within the Bureau of Investigation is established first by rank and, secondly, by the aggregate time served in rank on a regular basis. Where a conflict occurs because of identical service or dates of appointment, the member with the highest position from which the appointments were made is deemed to be the senior. In situations requiring decision or control, where members are of equal rank, the senior member will make the decision and exercise control, unless otherwise directed by a higher ranking command or supervisory member.

(This does not, however, relieve less senior members of their responsibilities to abide by the rules and policies of the Bureau of Investigation.)

1.22 Acting in Command

A position to which a member is not ordinarily assigned, usually in a position of a higher rank. All the authority, responsibility, and duties of the higher position falls upon the acting member. A member in an acting position shall not, except in urgent cases, alter or annul the existing orders of the permanent commander without the authority of a higher commanding member.

1.23 Chain of Command

A series of administrative ranks or positions in which each has direct authority over the rank immediately below. Unless otherwise directed, all official communications of the Bureau of Investigation, requests, information, suggestions, or complaints, whether moving upward or downward, shall be confined to official channels and follow the chain of command. Each link in the chain of command shall be respected in this regard.

The chain of command within the Bureau shall be adhered to as follows:

- Chief Investigator
- Investigator III (Lieutenant)
- Investigator II
- Investigator I
- Civilian Personnel

1.24 Through Official Channels

Through the superior member in the chain of command.

1.25 Order

A command or instruction given by a superior member to a subordinate. It may be either oral or written. A "lawful order" is any written or oral directive issued by a superior member to any subordinate or group of subordinates in the course of duty which is not in violation of any law or ordinance.

1.26 Manual of Rules and Regulations

The rules and regulations which set forth a code of conduct to be followed by Bureau of Investigation members, are expressed in this manual, and are applicable to all members of the Bureau of Investigation. All existing rules and regulations, orders, and instructions in conflict with this manual are canceled.

1.27 General Order

A written order issued by the Chief Investigator which is applicable to the Bureau of Investigation. These orders shall be retained in a provided General Order Manual or on a Compact Disc and are effective until canceled or revised. A "Bureau of Investigation General Order" establishes the policy and/or procedure of the Chief Investigator in dealing with a specific subject.

1.28 Divisional or Sectional Order

An order issued by the commanding member of a division or section, directed to a subordinate, which dictates policy and procedure for that particular division or section.

1.29 Special Order

A written order issued by the Chief Investigator or any commanding member of a division or section directed to any person or group within the Bureau of Investigation to accomplish any one of several short-term objectives. Copies of the orders are to be made available to all members who are affected by them. These orders generally become obsolete when their objective has been accomplished, upon an assigned cancellation date, or when incorporated into a General Order.

1.30 Informational Bulletin

A written bulletin issued at the Bureau of Investigation, consisting of, but not limited to, memoranda, suggestions, or announcements.

1.31 Report

An oral or written communication. Reports shall be submitted promptly in the manner prescribed by Bureau of Investigation procedures. Particular care shall be taken in their preparation to assure accuracy and thoroughness as well as proper usage of language, punctuation, and spelling.

1.32 Rule

A rule is a specific prohibition or requirement that is stated to prevent deviation from policy or procedure.

1.33 Policy

Policy consists of principles and values which guide the performance of a Bureau of Investigation activity. Policy is not a statement of what must be done in a particular situation; rather, it is a statement of guiding principles which should be

followed in activities which are directed toward the attainment of Bureau of Investigation objectives.

Policy is formulated by analyzing objectives and determining through research those principles which will best guide the Bureau of Investigation in achieving its objectives. Policy is based upon law enforcement ethics and experience, the desires of the community, and the mandate of the law.

Policy is articulated to inform the public and Bureau of Investigation members of the principles which will be adhered to in the performance of the law enforcement function. Additionally, policy establishes operational standards to assist Bureau of Investigation members in the necessary exercise of discretion in discharging their responsibility.

A member in the performance of their duty is confronted with an infinite variety of complex situations which require peace officer action. Since policy is objective rather than situation-oriented, it is broad enough in scope to encompass most situations. Policy, therefore, is stated in general terms.

1.34 Procedure

A procedure is a method of performing an operation or a manner of proceeding on a course of action. It differs from policy in that it directs action in a particular situation to perform a specific task within the guidelines of policy. Both policies and procedures are objective-oriented; however, policy establishes limits of action while procedure directs response within those limits.

1.35 Public Service

Often, the public and the District Attorney's Office rely upon the Bureau of Investigation for assistance.

Conducting investigations, protecting members of the District Attorney's Office from harm or threat, serving subpoenas, assisting the courts, enforcing certain laws, and providing for other miscellaneous needs are services provided by the Bureau of Investigation. To satisfy these requests, the Bureau of Investigation responds to calls from the District Attorney's Office and renders such aid or advice as needed or indicated by the situation.

1.36 Bureau of Investigation Mission Statement

The San Joaquin County District Attorney Mission Statement, applicable to the Bureau of Investigation, reads as follows:

“The District Attorney’s Office is committed to serving this County responsibly by prosecuting criminal acts aggressively and fairly. We seek to protect the law-abiding and create a safer environment in which our population may live and prosper.”

1.37 Beginning of Day and Week

The Bureau of Investigation day, for record purposes, shall begin at 0001 hours and shall conclude at 2400 hours. Any exception to the day and week established for record purposes will be in the form of a written directive.

1.38 Duty

Any action required by one’s position, or by ethical or legal considerations.

1.39 On Duty

The state of a member during the shift, or detail, when they are responsible for performing regular and assigned duties.

1.40 Tour of Duty

The shift, or detail when an individual is on duty.

1.41 Incompetency

The failure to demonstrate adequate qualifications or the ability to satisfactorily perform assigned duties.

1.42 Sick Leave- Defined

The period of time during which a member of the Bureau of Investigation is excused from active duty by reason of illness or injury which is not service connected, in accordance with current Bureau of Investigation policy.

1.43 Military Leave

A leave of absence to serve in any of the recognized branches of the military service in accordance with current Civil Service regulations.

1.44 Bereavement Leave

The leave granted by the Chief Investigator with the approval of the District Attorney, in the case of a death in the immediate family as defined by County policy. This benefit is not automatically granted and does not apply during leave without pay, suspension, or Workers’ Compensation leave.

1.45 Leave of Absence

That leave granted for an extended period during which a member is excused from active duty and during which they receive no pay. Such leave is granted in accordance with the approval of the District Attorney, current Memorandums of Understandings, and Civil Service regulations.

1.46 Vacation

The annual leave earned by eligible members of the Bureau of Investigation. All eligible members are entitled to a vacation in accordance with the terms set forth in the applicable Memorandum of Understanding. Vacation will be arranged by the respective commanding members.

1.47 Plurality of Words

The singular includes the plural and the plural includes the singular.

1.48 Immediately

The term “immediately” is to be construed to mean “as soon as possible and practical.”

1.49 Shall, Will, Must and May

“Shall, will, and must” are mandatory, and “may” is permissive. “Shall, will, or must” indicates that the action required is mandatory. “May” indicates that the action is permissive.

1.50 Minor or Juvenile

Any person under the age of 18 years.

Commanding members have responsibility and accountability for every aspect of their command. Commensurately, within policy guidelines and legal constraints, they have the authority to coordinate and direct assigned personnel and other allocated resources in achieving organizational objectives. In so doing, they must perform the full range of administrative functions, relying upon policy, direction, training, and personal initiative to guide their command in achieving the highest level of performance possible.

Supervisors are members in charge of one or more members. Command Staff may also serve as Supervisors along with their managerial duties.

Civilian supervisors have the same authority over their subordinates, within the chain of command, that sworn supervisors have.

In addition to the general and individual responsibilities of all members, each supervisor is specifically responsible for the following:

2.13 Investigative Authority

Members of the Bureau of Investigation, when detailed to a criminal investigation or other assignment, will take charge as appropriate. CHAPTER III

Members will become thoroughly familiar with the Bureau of Investigation Manual of Rules and Regulations. In the event of improper action or breach of discipline, it will be presumed that the member was familiar with the law, rule, or policy in question.

3.2 Obedience to Laws, Rules, and Regulations

Members shall not, whether on or off duty, negligently, knowingly, or intentionally commit any act which results in the commission of a criminal act or violates any law or Bureau of Investigation policy, rule, regulation, or procedure.

3.3 Unbecoming Conduct

- A. Bureau of Investigation members shall be accurate, complete, and truthful in all matters.
- B. No member shall knowingly make false statements to superior members when questioned or interviewed.
- C. No member shall falsely make any type of official report, either orally or in writing, or knowingly enter or cause to be entered any inaccurate, false, or improper information on the books, records, reports, or registers of the Bureau of Investigation.

3.5 Conduct Toward the Public

All members of the Bureau of Investigation shall conduct themselves toward the public in a civil, courteous, and professional manner that will foster public respect, cooperation, and a community partnership. Members shall respect and protect the rights of the public and shall perform in a manner consistent with the

principles outlined in the Bureau of Investigation' Mission Statement.

3.6 Conduct Toward Fellow Members

Bureau of Investigation members shall conduct themselves in a manner that will foster cooperation among all members of the District Attorney's Office, show respect, courtesy, and professionalism in their dealings with one another.

Members shall not use language or engage in acts that demean, harass, or intimidate another person.

3.7 Ridicule/Criticism of the Bureau of Investigation

- b. is obscene
- c. is unlawful
- d. tends to impair the operation of the Bureau of Investigation by interfering with the ability of supervisors to maintain order

3.8 Obedience to Orders

Bureau of Investigation members shall obey all lawful orders from superiors and shall complete their orders or assignments in a reasonable amount of time and/or by the established deadline.

- A. Should any member be given an order which is in conflict with any previous order or direction, the member shall call the conflict to the attention of the person giving the order. If the superior requires that the order still be carried out, the member shall comply, and the responsibility shall rest with the superior member taking such action.
- B. No member is required to obey any order which is contrary to the laws of the United States, the State of California, or the ordinances of the County of San Joaquin. Such refusal to obey, however, is the member's responsibility, and the member shall be required to justify their actions.

- D. Members may appeal for relief from orders which they believe to be unjust or improper. Such appeals shall be made in writing to higher authority through

official channels. The member appealing the order is responsible for justifying the appeal. Frivolous, irresponsible or capricious appeals will be considered misconduct.

E. A command member shall not knowingly issue any order which is in violation of any law, ordinance, Bureau of Investigation order, or rule.

3.9 Insubordination

The failure or deliberate refusal of any member to obey a lawful order given by a superior member shall be deemed insubordination. Flouting the authority of the superior member by manifest disrespect or by disputing their orders as well as disrespectful, mutinous, insolent, or abusive language or conduct towards a supervising member is also insubordination and in violation of Bureau of Investigation rules.

3.10 Dereliction of Duty

All members of the Bureau of Investigation shall perform their duties as required or directed by law, Bureau of Investigation rule, policy, or order. The improper performance of or failure to perform a required duty, or neglecting assigned duties to conduct unauthorized activities, shall be deemed dereliction of duty.

3.11 Assistance to Members

Any member who fails to take effective law enforcement action or who fails to aid and protect a fellow member in a time of danger or under circumstances where danger might reasonably be impending, except when actually incapacitated, is deemed to be a dereliction of duty.

3.12 Communicating with Superior Members

Members shall adhere to the Bureau of Investigation' chain of command when officially and formally communicating within their assigned duties. Such communications shall be made through the official channels within the member's own chain of command. When the information to be forwarded or the complaint to be referred is of such a nature that it must be brought to the immediate personal attention of the Chief Investigator, the member may bypass official channels and contact the Office of the Chief Investigator. Such member may, however, be required to justify this departure from established procedure.

3.13 Use of Alcohol

Members shall not drink intoxicating beverages while on duty, except as required in the performance of their duty or while acting under proper and specific orders

from a superior. Members shall not appear for duty or be on duty while under the influence of intoxicants or with an odor of intoxicants on their breath, except as required in the performance of their duty.

Members who, while off duty, consume intoxicating beverages to such an extent that it results in a level of impairment, intoxication, or obnoxious or offensive behavior which discredits the Bureau of Investigation, violates the law, or renders them unfit to report for their next regular tour of duty, are subject to disciplinary action.

No alcoholic beverages shall be served or consumed on District Attorney public premises or in vehicles owned by this County.

3.14 Use of Drugs

Members shall not use any controlled substances, narcotics, or hallucinogens, except when and in the manner prescribed by a physician or dentist prior to reporting for duty. Members must report the use of any such substance that may impair their ability to perform their duties.

3.23 Law Enforcement Action Based on Legal Justification

What is reasonable in terms of appropriate law enforcement action or what constitutes probable cause varies with each situation. Different facts may justify either an investigation, a detention, a search, an arrest, or no action at all. The requirement that legal justification be present imposes a limitation on a member's actions. In every case, a member must act reasonably within the limits of authority as defined by statute and judicial interpretation, thereby ensuring that

the rights of both the individual and the public are protected.

3.24 Use of Force

While recognizing the need to demonstrate authority and control over criminal suspects and prisoners, Bureau of Investigation members shall adhere to the Bureau of Investigation' Use of Force policy, including the requirement to report the force used on or off duty, and shall observe the civil rights and protect the well being of those in their charge.

3.25 Searching of Prisoners

The searching of prisoners shall be in accordance with Bureau of Investigation policy and current law.

Members will give their name and shield number in a courteous manner to any person so requesting. This shall not apply during an undercover mode or where there are sound law enforcement or investigative reasons for not doing so.

3.28 Citizen Complaints

3.29 Misconduct Observed by Bureau Personnel

Whenever any Bureau of Investigation member observes or is informed of the misconduct or possible criminal activity of another member of the District Attorney's Office, they shall take authorized and necessary action, which includes the proper reporting, in accordance with Bureau of Investigation policies and procedures.

3.32 Knowledge of Information and Crime Bulletins

Members shall acquaint themselves, daily, when on duty and immediately upon returning from an absence, with the various crime bulletins, Informational directives and Special Orders, and electronic messages which are pertinent to themselves or their assignment.

3.33 Maintenance of Manuals

All members issued manuals or compact discs (Manual of Rules & Regulations, General Order Manual, etc.) are responsible for their maintenance and will keep their materials current and up to date.

3.34 Information Concerning Duties

Members of the Bureau of Investigation who are in doubt as to the nature or details of their assignment shall seek such information from their immediate supervisor. Failure on their part to do so, resulting in improper performance or omission of their duty, may result in disciplinary action.

3.35 Reporting Illness or Injury

3.44 Cooperation with the News Media

Members shall extend courtesy to the working news media and will adhere to Bureau of Investigation policies and procedures relative to the release of information and media access to incident scenes.

Whenever any member is of the opinion that it would be contrary to sound law enforcement or investigative practice or procedures to permit access to a crime scene, or release of information, and there is a conflict of opinion on whether to allow access or release information, that member shall refer the media to their immediate supervisor for further decision.

3.45 Cooperation with Other Agencies

Members shall cooperate with all law enforcement agencies, other government agencies, and public service organizations, and shall give aid and information as such organizations may be entitled to receive, consistent with Bureau of Investigation orders and state law.

3.66 Instituting or Settling of Personal Civil Actions

Members shall not institute any civil actions against a third party arising out of their official duties, or accept or agree to accept anything as payment or settlement for personal injuries sustained in the discharge of their official duties without first notifying the Office of the Chief Investigator. This is in no way intended to preclude anyone from instituting such actions, but is only an attempt to protect the interests of the County against such third party.

3.67 Testifying for the Defense

All members subpoenaed or asked to testify for the defense in any criminal trial, or against the County or Bureau of Investigation in any type of hearing or trial, shall notify their supervisor upon receipt of said subpoena or verbal request and before testifying. The supervisor will in turn notify the Chief Investigator who may then notify the District Attorney or County Counsel's Office in regard to the case.

3.68 Protecting the Crime Scene

It shall be the duty of all sworn members, when assigned to or assuming control at a crime scene or Protocol scene, to arrest the violator whenever possible, detain witnesses, and keep the premises or area secure from intrusion by unauthorized persons, and maintain it without change in appearance and character. This responsibility shall terminate and the member shall stand relieved when upon the arrival and takeover by an investigator, a superior member, or any other member specifically assigned to investigate the crime. However, when required by the member assuming charge, they will stand by and assist.

3.75 Loss of Bureau of Investigation Equipment

Members losing items of Bureau of Investigation equipment which they have been issued will be required to explain and document the occasion and circumstances of such loss and to take all suitable measures to recover them. If unsuccessful in locating the lost item, the member may be required to pay for the item and/or receive such other discipline as may be appropriate.

3.76 Surrender of Bureau of Investigation Property

This would also include membership in motorcycle clubs which mimic the structure and/or nature of an outlaw motorcycle gang through patches and/or rules and by-laws. The exception would be when specifically directed and authorized by the Department in the line of duty.

3.79 Outside Employment

2. All interviews shall be recorded and the recordings shall be turned over to the venue/employer agency as evidence.
3. Reports shall be submitted promptly in the manner prescribed by Bureau of Investigation' procedures. Particular care shall be taken in their preparation to assure accuracy and thoroughness as well as proper usage of language, punctuation, and spelling.

All reports will be submitted to the Protocol Coordinator for review. After all edits/corrections are completed, all reports will be sent to the Division Secretary for formatting. After formatting, the Division Secretary will return all reports to the Protocol Coordinator for approval.

4. Once all investigative reports have been completed and reviewed by the Protocol Coordinator, the "A" Team member shall deliver the reports to the venue/employer agency "A" Team member. The venue/employer agency "A" Team member shall prepare a binder with all investigative reports and supporting documents.

The DA "A" Team member will be responsible for ensuring a complete copy of the binder is provided to and "logged in" by the Homicide/Gang Unit paralegal.

Once the DA review is completed and the "closure letter" is prepared, the DA "A" Team member shall document receipt of the closure letter to the case and close the investigation.

USE OF FORCE

I. POLICY

The use of force by law enforcement personnel is a matter of critical concern both to the public and the law enforcement community. At times, investigators are confronted with situations where control is required to effect arrests or protect the public safety. Attempts will be made to achieve control through advice, warnings, and persuasion; however, in situations where resistance or a threat to life is encountered and reasonable alternatives have been exhausted or would clearly be ineffective, physical force may be used.

A. Law

1. Sworn personnel will become familiar with Sections 196, 197, 198a, and Part 2, Title 3 of the State Penal Code.
 - a. Violation of 148 PC (Resisting, Delaying, or Obstructing Officer)
 1. The investigator involved is responsible for the initial investigation and will immediately inform his/her supervisor. The supervisor will determine if a second investigator should assume the investigation.
 2. An investigator directly involved in a 148 PC violation may request aid from other investigators if he/she needs help in establishing the facts, with concurrence of the supervisor.
 3. The investigator's immediate supervisor will review the crime report and will establish that all elements of the offense are noted.
 - b. Violation of 243 or 245 PC (Battery or Assault)
 1. A 243 PC offense will be handled in the same manner as a 148 PC offense if there is no injury to either the responsible party or the investigator.
 2. In a 243 PC violation that involves significant injury to either responsible party or the investigator, the appropriate investigative agency, in whose jurisdiction the crime occurs, will be contacted for the initial

investigation and the follow-up. The supervising staff of the District Attorney's Bureau of Investigation shall be notified immediately.

B. Procedures

1. General Provisions

- a. Investigators may use physical force to effect an arrest, prevent an escape, or overcome resistance. The type and degree of force used will be reasonable and based upon the facts of the situation. Only that force necessary and reasonable for the crime involved and the protection of the investigator and public will be used.
- b. Bureau members need not retreat or desist in any reasonable use of force in order to avoid confrontation. Deadly force or force likely to produce a mortal injury; however, will not be used unless the incident prompting the force is determined by the Bureau member to involve a danger to human life.

2. Physical Force – Including Weapons

a. Direct Use of Firearms

- 1. All investigators may discharge a firearm in the line of duty under the following circumstances:
 - A. At an approved range.
 - B. To kill a seriously injured or dangerous animal when any other disposition is determined to be impractical.
 - C. In defense of an investigator's own life.
 - D. In defense of another person's life.
 - E. To effect the capture of, or prevent the escape or rescue of, a person who the investigator has reasonable cause to believe has committed a felony involving use or threat to use deadly

force, or who the investigator has reasonable cause to believe poses a danger to human life.

- b. Firearms should not be discharged in the following circumstances:
 - 1. As warning shots.
 - 2. When capturing or preventing the escape of a person believed to have committed a felony that did not involve use or threat to use deadly force, or the potential for injury or death.
 - 3. From a moving vehicle.

3. Responsibility of Investigator Involved

It shall be the responsibility of any investigator who discharges a firearm either accidentally or intentionally in the performance of duty, to protect the scene and evidence and ensure that the investigator's supervisor or the Chief Investigator is notified. The supervisor will make any necessary notifications to the agency in whose jurisdiction the incident occurs.

- 1. The investigator's Lieutenant or the Chief Investigator will invoke Protocol when appropriate.

4. Responsibility of the Chief Investigator

- a. The Chief Investigator, or in his/her absence, a designee, will coordinate the initial investigation of a gunshot incident involving a District Attorney Investigator.
- b. The Chief Investigator will notify the District Attorney and the Assistant District Attorney as soon as possible.

5. Routine Review of Firearm Use

- a. Every investigator is required to report every accidental or deliberate discharge of a firearm to their immediate supervisor, except for routine target shooting or hunting.
- b. The supervisor will file a complete report of his/her investigation.

- c. Copies of all reports relating to the incident will be submitted to the Shooting Review Board.

6. Shooting Review Board

- a. The Board's purpose is to serve as an advisory unit to the District Attorney. It is charged with the responsibility of examining all shooting incidents, on or off duty, intentional or accidental, except for routine target shooting, hunting, and Officer-Involved Critical Incident Protocol investigations. The Board will constructively critique each shooting incident and make recommendations to the District Attorney. The Board will not have the authority to invoke disciplinary action.
- b. The Board will consist of the following personnel:
 - 1. Assistant District Attorney (Chairperson)
 - 2. Chief Investigator
 - 3. Designated Bureau of Investigation Lieutenant
 - 4. Investigator not involved in the incident being reviewed, preferably the Range Master
 - 5. Member of the agency in whose jurisdiction the incident occurred
- c. Should a Board member be absent when the Board convenes, the District Attorney may appoint an alternate who will serve until that particular investigation is concluded.
- d. Duties and Responsibilities of the Shooting Review Board
 - 1. The Chairperson will convene the Board as soon as practical after receipt of all reports involving the incident.
 - 2. The Board will utilize all available services and facilities necessary to conduct a complete examination

of the circumstances surrounding the shooting incident.

3. The Board will have the authority to order employees to appear and testify, take testimony from witnesses, and to direct supplemental investigations as necessary.
 4. Findings and recommendations will be submitted in writing by the Board to the District Attorney at the conclusion of the hearing.
 5. The findings of the Board will determine that the shooting is classified as one of the following:
 - A. Within Policy
 - B. Not Within Policy
 - C. Accidental
- e. Bureau members, when in the performance of their duties and when reasonably necessary, may use weapons, other than firearms, in conformance with the following procedures. They will each be issued a canister of pepper spray and required to maintain it.
1. CHEMICAL AGENTS - This is to be used only as a defensive or control weapon. In those instances which require force, short of deadly force, to subdue and arrest combative persons, chemical agents use is justified. Only chemical agents authorized by the District Attorney will be used:
 - A. Indiscriminate use of pepper spray against non-threatening persons is prohibited.
 - B. First aid after use: pepper spray is irritating to the eyes, nose, and skin. Bureau members using it will ensure that persons subject to such use receive adequate treatment. Severe exposure may require gentle but copious amounts of water. Persons with sensitive skin may experience mild burns. First aid treatment

at a medical facility shall be provided if necessary.

2. USE OF IMPACT WEAPON ASP BATON - The following impact weapon baton has been authorized for optional use as an intermediate defense weapon by sworn District Attorney Bureau of Investigation personnel:

Brand: ASP (Armament Systems Procedures, Inc.)

Model: 16", 21", 26", collapsible baton, black color shaft

Holder: As approved

Investigator discretion regarding the use of the collapsible baton will follow guidelines established for impact weapons in the "Use of Force" policy.

Investigators desiring to carry the collapsible baton will complete an instructional and proficiency training session with an approved weapons instructor prior to carrying the baton.

- f. Range Master

The Bureau Range Master will have completed a POST-approved range master course and will obtain updates as they are available.

- g. Types of Firearms Authorized for Duty

1. FIREARM CALIBER – A Sig Sauer, .40 caliber duty weapon will be issued to the investigator. Personally owned weapons may be substituted with the prior approval of the Chief Investigator. Any weapon or back-up weapon not issued by the agency will be inspected and approved by the Range Master prior to being carried on duty. Proficiency with all weapons will be demonstrated on a quarterly basis. Failure to demonstrate proficiency as required will be documented and transmitted to the Chief Investigator for action.

2. All firearms will be inspected for reliability at the time quarterly proficiency is demonstrated.
3. Revolvers may be five (5) or six (6) round capacity. Barrel lengths will be 6" or less. Semi-automatic pistols shall be double action.
4. Ammunition will be furnished by the Bureau.

h. Off-Duty Firearms

There is no requirement for District Attorney Investigators to carry a firearm while off-duty.

i. Impact Weapon

These weapons may be used as defensive or control weapons in instances that threaten the safety of an investigator, other persons, or to subdue and arrest threatening persons.

1. Investigators will not use an impact weapon against a non-threatening person except as a control device when directing, controlling, or escorting uncooperative persons.
2. First aid after use: If the use of the impact weapon causes injury that would require medical attention, the investigator will ensure that the injured person receives proper medical attention.
3. Bureau members, when in performance of their duties and when reasonably necessary, may use weaponless defense tactics in compliance with the general provisions of this policy.
4. Any use of force upon a citizen by Bureau members, when in performance of their duties, shall be documented by a crime report and reported to a supervisor. Such force shall be deemed to include, but not limited to, use of firearm, pepper spray, impact weapon, Taser weapon, weaponless defense technique, or legal intervention with a vehicle.

5. Any medical treatment given as a result of use of force shall also be documented in such crime or incident report.
6. Should a weapon be used in a non-recreational setting, it is incumbent the investigator contact the Chief Investigator, or one of the Bureau Lieutenants, at home if necessary, as soon as possible after the incident.

(Adopted 07/11)

FIREARMS AND WEAPONS

I. POLICY

A. Firearms Use Policy

Firearms shall be used only when the investigator believes his or her life, or the life of another, is in imminent danger, or in danger of great bodily harm, or when all other reasonable means of apprehension have failed to prevent the escape of a felony suspect who the investigator believes presents a serious danger to others, where the felony involved includes the use or threatened use of deadly force.

- B. Use of force issues and guidelines are located in the "Use of Force" policy. Nothing in this policy is intended to prevent an investigator from exercising discretion and good judgment in the use of force, firearms, and/or weapons when the life of a citizen, fellow peace officer, or their own life is in immediate danger.

II. PROCEDURES

A. Employee Conduct – General

1. Employees shall adhere to all firearms and weapons policies.
2. Investigators shall exercise good judgment in the handling and carrying of any weapons/firearms with due consideration for all safety factors.
3. Employees shall not carry any weapons or firearms unless authorized to do so by the Department.
4. Employees shall not possess any weapons while under the influence of alcohol and/or drugs.
 - a. It is the employee's responsibility to notify his/her supervisor in the event they are called back to duty after hours if, due to the consumption of alcohol, intoxicating liquor, or legally prescribed medication and/or over-the-counter medication or drugs, they believe they are impaired or unable to perform their job as described.
5. Inappropriate conduct with firearms/weapons is prohibited. The pointing or careless display of weapons, or any other careless

conduct while on or off duty or in any Department facility may result in strict disciplinary action pursuant to the provisions of existing employee MOU's.

B. Acting as a Peace Officer in Other Jurisdictions

The shooting policy of this Department applies in all other jurisdictions.

C. Reporting the Use of Force/Weapons

Reportable uses of force are described in the "Use of Force" policy. Reporting and notification procedures in that policy shall be followed.

D. Carrying Weapons/Firearms/Safety Equipment

1. On-Duty

- a. Sworn investigators shall be armed with their duty/authorized firearm while on-duty except as prohibited by law or Bureau policy. For purposes of this section, "armed" shall mean carrying their duty/authorized firearm on their person.
- b. Supervisors may require additional safety equipment or other items to be worn/carried as assignments and circumstances dictate.

2. Off-Duty

The carrying of firearms/weapons off-duty by sworn investigators is optional.

3. Non-sworn personnel are prohibited from carrying defensive weapons unless authorized to do so by the Chief Investigator or designee.
4. Exceptions to this policy must be authorized by a supervisor.

E. Firearms

1. Drawing Firearms

- a. Investigators may draw a firearm when arresting or attempting to arrest any person(s) whom they believe are about to commit, are in the process of committing, or who has recently committed a felonious crime; or in any situation where there is likelihood of danger to the investigator or other persons.
- b. The drawing of firearms during supervised training shall be in accordance with procedures established by the Range Master or designee for that purpose.

2. Discharging of Firearms

An investigator of this Bureau shall not discharge a firearm or use any other type of deadly force in the performance of his/her duties, except under the following circumstances:

- a. In accordance with existing firearms and use of force policies.
- b. To kill a dangerous animal that is attacking the investigator or another person or persons, or which, if allowed to escape, presents a danger to the public.
- c. When humanity requires the destruction of an animal to save it from further suffering and other disposition is not possible; however, with prior permission of the owner and/or approval of the supervisor and when the surroundings are such that it would not be a hazard to person(s) or property.
- d. For target practice at an approved range or in unrestricted areas.

3. Authorized Firearms

- a. The Bureau will issue a duty/authorized .40 caliber Sig Sauer Model P229, Model P239 or Model P239 SAS firearm and appropriate ammunition unless the employee elects to carry a personal firearm approved by the Chief Investigator. Any modifications made to Bureau-issued or optional weapons must be pre-approved by the Chief Investigator and inspected by the Range Master prior to any use by the employee.

- b. Optional weapons shall be of a .40 caliber, make, and barrel length approved by the Chief Investigator, with input from the Range Master. All ammunition carried on-duty shall be issued by the Bureau.
- c. Employees shall only carry on-duty holsters approved by the Range Master.

4. Prohibited Ammunition

All ammunition shall be approved by the Bureau Range Master if the ammunition is different from Bureau issue.

- a. No hand-loads will be used.
- b. Ammunition designed to pierce a Kevlar vest is expressly prohibited, unless specified for special operations.

5. Firearms Qualification

- a. Sworn investigators must qualify at scheduled qualifications (at least once a quarter) with each issued and/or approved weapon they intend to carry on-duty. Employees are strongly encouraged to maintain proficiency with any weapon(s) they intend to carry off-duty.
- b. An employee who is carrying any approved firearm under the conditions of employment must be currently qualified with the firearm. For on-duty weapons, "currently qualified" means the employee has met one of the following two criteria:
 - 1. The employee qualified with the Bureau-issued or approved firearm when undergoing initial training and orientation by the Bureau Range Master.
 - 2. The employee qualified with the firearm during scheduled qualifications.
- c. Unless there is an authorized excused absence, an employee is "currently qualified" from the date of the last scheduled qualification through the next scheduled firearms qualification.

- d. If an employee fails to qualify with the weapon during scheduled qualifications exercises, the employee is no longer qualified with the firearm and may not carry it.
- e. The employee's supervisor and the Chief Investigator must be notified immediately of failures to qualify. Steps will be taken immediately or as soon as practical to correct any problems or deficiencies and the employee may be temporarily suspended, reassigned, and/or subject to discipline.
- f. Any exceptions must be approved by the Chief Investigator or designee.
- g. The Range Master must maintain a qualifications log to include the type of weapon(s) and ammunition being used by investigators.

6. General Firearms Safety Precautions

- a. Investigators are required to handle their weapons at all times in such a manner as to preclude the possibility of accidentally injuring themselves or another person. Strict adherence to the basic safety precautions described herein is required and will minimize chances of an accidental discharge.
 - 1. Treat all firearms as if they are loaded.
 - 2. Never point a firearm at anything you do not intend to shoot.
 - 3. Never clean or work on a loaded firearm. Check the firearm before cleaning to make sure it is unloaded.
 - 4. Never spin or juggle a firearm.
 - 5. Never put your finger in the trigger guard when holstering a firearm. In drawing the firearm, do not put your finger in the trigger guard until the firearm is clear of the holster and pointing at your target.
 - 6. Never leave a firearm unattended.

7. While on duty, unloading and cleaning a firearm shall be done only in designated areas.

7. Range Precautions

The San Joaquin County Bureau of Investigation has agreements with several local agencies for range use. The appropriate agencies' range rules will always supersede this policy when differences occur.

- a. In addition to all local range safety regulations, investigators firing on a range shall adhere to the following safety precautions:

1. Treat each firearm as if it were loaded.
2. Point the firearm in a safe direction only. When pointing firearms down range, make sure there is no one in front of the firing line.
3. Stay off the firing line unless shooting.
4. Load only while on the firing line.
5. Load, unload, and fire only on command.
6. Shoot only at designated targets.
7. Never leave a firearm unattended.
8. Do not handle firearms behind the firing line.
9. Wear ear and eye protection while firing.
10. Safely clear malfunctions.
11. Investigators may be required to wear body armor while at the range. This will be at the discretion of the Range Master or the specific activities of the day.

8. Cleaning/Maintenance of Firearms

- a. Each investigator is responsible for properly and regularly cleaning their duty weapon(s) and magazines.

- b. The cleaning should be performed at least quarterly and after every practice shooting and/or qualification.
- c. The Bureau of Investigation shall provide the cleaning supplies. Access to these supplies will be arranged through the Range Master or Training Coordinator.

9. Department Identification

- a. On-duty investigators who are armed with weapons and in plain view of the public shall display their badge and/or other means of identification in a manner that clearly identifies them as peace officers.
- b. Investigators who are armed while off-duty shall carry their Bureau-issued identification.
- c. This section shall not apply to investigators working undercover or otherwise exempted with the prior knowledge and approval of a supervisor.

10. Airlines or Interstate Common Carrier

Carrying weapons on airlines or interstate common carriers while on-duty requires prior approval by the Chief Investigator through the chain of command. Any federal or carrier regulations shall apply.

11. Recreational Use

Nothing in this policy shall prohibit or restrict the discharge of privately owned firearms used for reasonable and lawful recreational purposes.

F. Use of Oleoresin Capsicum (Pepper Spray)

- 1. Investigators and Investigative Assistants may use Bureau-issued Oleoresin Capsicum (pepper spray) substances.
- 2. Pepper spray shall be used in conformance with the "Use of Force" policy as a defensive control weapon.

G. ASP Baton

1. Authorized personnel

Only sworn investigators who have completed a Bureau approved training course are authorized to carry an ASP baton. Additional training and/or refreshers in the use of the ASP baton shall be required at the discretion of the Chief Investigator or designee.

2. Authorized Use

The ASP baton shall be used in conformance with the "Use of Force" policy.

H. Taser Weapon

1. Authorized Personnel

Prior to carrying a Taser, all sworn personnel must participate in a Bureau-approved training course consistent with operational safety concerns. Only Tasers approved and issued by the San Joaquin County District Attorney's Bureau of Investigation will be used for, or on duty.

2. Authorized Use

The Taser is an authorized use of force option when the investigator reasonably believes:

- a. There exists a present threat of physical violence and all reasonable attempts to gain control of the suspect, i.e., arrest and control techniques, will likely be ineffective.
- b. Approaching the suspect in an attempt to gain physical control would create an unreasonable risk of harm to the investigator, public, or the suspect.

3. Definition

The Taser is a less lethal device option used to incapacitate violent subjects by discharging an electrical current into the intended target, when used properly, via two wire probes. The Taser may

also be used as a close-contact stun gun by removing the prong cartridge and applying directly to the skin of the intended target.

4. Storage

The Taser will be kept in storage at a location in the Bureau of Investigation when not being used for official purposes. The Taser will be kept in a Department-issued approved holster or secured in the trunk of a Department-issued vehicle.

5. Use/Deployment of Taser

- a. Only Bureau of Investigation investigators who are properly trained in the use and deployment of the Taser shall be authorized to use the Taser.
- b. The Taser is not a substitute for the use of deadly force.
- c. The Taser will not be used if any of the following factors are known to exist prior to deployment of the Taser:
 1. The suspect has been exposed to a flammable liquid, aerosol or substance.
 2. The use would occur in a flammable or explosive environment, such as a clandestine drug lab.
 3. The suspect could fall from a height likely to cause severe injury or death.
 4. The suspect could fall into a pool, river or other body of water that may cause drowning.
 5. The suspect is obviously a pregnant female, a young juvenile or an elderly person (except in cases where deadly force is approved under the Bureau's guidelines, in compliance with Bureau policy).
- d. Situations for the use of the Taser include, but are not limited to:
 1. Self-destructive, dangerous or violent, and/or highly aggressive or combative individuals.

2. Instances when use can be accomplished with a reasonable degree of safety to investigators, suspects, and the public.
 3. Circumstances where deployment of the Taser provides a tactical advantage or a tactical advantage can be obtained.
 4. Training exercises or approved demonstrations.
- e. After the Taser has been deployed and/or discharged, and the suspect has been taken into custody, investigators shall:
1. Ensure medical personnel examine all suspects taken into custody by the use of the Taser. Only medical personnel may remove the probes that are embedded in the suspect's skin.
 2. Collect and book as evidence any discharged cartridges, probes, and sampling of Anti-Felon Identification (AFID) chips that are discharged with the probes.
 3. Ensure probes are handled and booked as bio-hazardous "sharps" material.
 4. Fully document the circumstances and cause for deployment in report.
 5. Ensure photographs are taken of the suspect and injured areas.
 6. The involved investigator(s) supervisor shall complete and submit a Use of Force report to the Chief Investigator.

(Adopted 07/11)

VEHICLE PURSUIT POLICY

I. POLICY

It shall be the policy of the San Joaquin County District Attorney's Office, Bureau of Investigation, that vehicle pursuits may be initiated only when the necessity of immediate apprehension outweighs the degree of danger created by the pursuit and the jeopardy to public safety is not out of proportion to the offense committed. Pursuits must be conducted in accordance with the provisions of the California Vehicle Code and this General Order.

II. PROCEDURE

A. Definitions

1. Vehicle Pursuit

A vehicle pursuit is an event involving a sworn investigator driving an authorized emergency vehicle in emergency response mode, attempting to apprehend a fleeing suspect who is attempting to avoid arrest by using high speed driving or elusive tactics while operating a motor vehicle.

2. Imminent Peril

Imminent peril is an immediate, certain, or impending danger that injury or loss of life is about to occur or is near at hand. The mere possibility of injury or loss of life is not sufficient. Also, imminent peril is not remote, uncertain, contingent, or the danger created solely by the flight of the suspect.

B. Priorities

1. The priorities of a vehicle pursuit are as follows:

- a. To prevent injury or death to innocent citizens.
- b. To prevent injury or death to a law enforcement officer.
- c. The apprehension of the suspect.

C. Initiation of a Vehicle Pursuit

1. Investigators are authorized to initiate a pursuit when law violators clearly exhibit the intention of avoiding arrest by using a vehicle to flee, and a life-threatening situation may exist. The commission of a traffic infraction alone does not qualify as a life threatening situation. A pursuit that does not meet these criteria is prohibited.
2. Investigators must continually evaluate the risks involving the pursuit which may include the following:
 - a. The seriousness of the offense and relation to community safety
 - b. The speeds involved
 - c. The safety of the public
 - d. Pedestrian and vehicular traffic
 - e. The time of day
 - f. Weather and road conditions
 - g. The area of the pursuit: residential, commercial, or rural
 - h. The ability to communicate with the law enforcement jurisdiction agency
 - i. Familiarity of the investigator with the area
 - j. The capabilities of the investigator's vehicle
 - k. Any other factor that would indicate the interests of public safety and effective law enforcement would not justify initiation of a pursuit

D. Initiating a Pursuit

1. Investigators should attempt to not pursue a vehicle (for example, follow and request assistance); however, when viable options to avoid a pursuit are not available to the investigator, a pursuit may be initiated. If a pursuit is initiated, other investigators shall not

become involved in the pursuit, but shall remain alert to its location and progress.

2. The investigator shall use the vehicle's emergency lights and siren.
3. The investigator shall notify the jurisdiction agency of the pursuit, and will include the reason for the pursuit, location, direction of travel, speed of vehicle, description of the vehicle, number of occupants, type of weapons, and any other pertinent information that the jurisdiction agency should need. If possible, the investigator shall also notify the Bureau.
4. The investigator will request that the jurisdiction agency take over the pursuit. Should the jurisdiction agency refuse to take over the pursuit or if they cannot provide a marked vehicle, the investigator shall terminate the pursuit.
5. As soon as a marked unit is in position to take over the pursuit, the investigator should discontinue his/her pursuit. The investigator may continue to pursue as a backup unit if the marked units do not have sufficient officer backup at the time.
6. After the investigator has been replaced in the pursuit, the investigator shall discontinue driving with emergency lights and siren, and proceed to the termination of the pursuit. The investigator will coordinate the investigation with the other agencies involved in the pursuit.

E. Continuance/Termination of a Pursuit

1. The investigator may continue to pursue while waiting for the jurisdiction agency to take over the pursuit, keeping the threat to the officer or public safety in proportion.
2. The decision to pursue is not irreversible. Investigators must continually question whether the seriousness of the crime justifies continuing the pursuit. The San Joaquin County District Attorney's Office has established guidelines as to when a pursuit should be terminated:
 - a. The responding agency has taken over the pursuit.
 - b. A supervisor from the District Attorney's Office or responding agency requests that the pursuit be terminated.

- c. When there is a clear and unreasonable danger to the investigator or others.
 3. When a pursuit is turned over to another agency or terminated, the investigator shall notify his/her supervisor about the pursuit, if the supervisor is not already aware of the pursuit.
- F. Other Considerations During a Pursuit
 1. Speeds
 - a. Speed limits cannot be set that will apply to all pursuits due to a wide variation in conditions; however, consideration should be given to terminate a pursuit or reducing the effort when either the investigator's speed or violator's speed becomes unreasonable. Factors that should be considered by pursuing investigators and supervisors to determine reasonable speeds should include:
 1. Public Safety
 2. Officer Safety
 3. Seriousness of the Offense
 4. Duration of the Pursuit
 5. Pedestrian and Vehicular Traffic
 6. Location of Pursuit (i.e. rural, residential, commercial etc.)
 7. Weather Conditions and Visibility
 8. Types of vehicles involved in the pursuit
 9. Familiarity with the area of pursuit
 10. Need for immediate apprehension vs. risks to public, officers, and suspect(s) of the pursuit
 11. Other persons in the pursued vehicle (for example, passengers, co-offenders, hostages)

12. The pursuing investigator's vehicle is carrying passengers other than sworn investigators – a pursuit shall not be undertaken with prisoners, witnesses, victims, or non-sworn employees in the vehicle

G. Vehicle Pursuit Tactics

1. Except when the use of force is justified (refer to policy on use of force), or when the preservation of life justifies the action, there should be NO attempts to stop pursued vehicles by any of the following methods:
 - a. Boxing the vehicle in
 - b. Ramming/legal intervention
 - c. Roadblocks
 - d. Channelization
 - e. Forcing off the road
 - f. Driving in front of suspect
 - g. Driving parallel to suspect
 - h. Caravanning
 1. There shall be no caravanning by field units not directly involved in the immediate pursuit.
 - i. Passing
 1. There shall be no attempt by investigators to pass other field units involved in the pursuit unless the passing investigator receives specific permission from the lead car.
2. Spacing
 - A. All units in pursuit, whether the vehicle in front of the unit is the suspect vehicle or another police vehicle, shall space themselves at a distance that will ensure proper braking and

reaction time in the event the lead vehicle stops, slows, or turns.

3. Use of Firearms During a Pursuit

- a. Investigators will become familiar with the policy in the use of firearms and deadly force. Decisions to shoot at a moving vehicle, whether to disable the vehicle or to stop the suspect, should be based on the most compelling circumstances: probable cause to believe the suspect poses an immediate threat of death or serious physical injury to the investigator or other persons.
- b. Investigators will not discharge a firearm from a moving vehicle.

G. Joint Agency Pursuits

1. Investigators should not become involved in other law enforcement agency pursuits. Notification of a pursuit in progress shall not be construed as a request to join the pursuit. The caller from the outside department will be specifically asked if they are making a request for assistance or merely making a notification.
2. Investigators shall not become involved in another agency's pursuit unless specifically authorized by a Lieutenant or Chief Investigator. Exceptions to this would be when it is clearly demonstrated that a lone unit from an outside agency is unable to request our assistance or the emergent nature of the situation dictates the need for assistance by this Bureau. In these instances, all Bureau pursuit and Code 3 policies are in effect.
3. Investigators must constantly be aware that because they are not driving a marked patrol unit, nor are they wearing a duty uniform, they may not be recognized as being with law enforcement by outside agencies. Therefore, investigators should communicate with other jurisdictions about any involvement they may have with the pursuit or apprehension. Information that should be given to other agencies includes your vehicle description, clothing description, and location.

H. Pursuit Reporting

1. The Lieutenant of the investigator involved in the pursuit shall complete a Department of California Highway Patrol Pursuit form CHP 187A.
2. The Lieutenant will debrief the investigator in regards to the pursuit. This will be conducted to assess any improvements that can be made for any future pursuits.

I. Notification/Accidents/Property Damage

1. When death or injury is caused as the result of a Code 3 response or a pursuit, a Lieutenant or Chief Investigator shall be notified by the investigator and the Officer Involved Critical Incident Protocol Team shall be activated.
2. When property damage is caused as a result of a Code 3 response or a pursuit, the Lieutenant shall be notified, photographs arranged for, and a Bureau report generated.
3. When a traffic accident is caused as the result of a Code 3 response or a pursuit, a Lieutenant or Chief Investigator shall be notified, the traffic agency of jurisdiction shall be requested to investigate the accident, and if death or injury have resulted, the Lieutenant shall be notified to activate the Officer-Involved Critical Incident Protocol Team.
 - a. If an investigator's vehicle is involved in the accident, he/she shall complete a San Joaquin County Automobile Accident or Loss Report.

J. Training

The Personnel and Training Coordinator will be responsible for all training required.

(Adopted 07/11)

SEARCH WARRANTS

I. POLICY

Search warrants shall be served in a manner that complies with all applicable state laws and ensures the safety of Bureau personnel, other agency personnel, and the public.

II. PROCEDURE

A. Source Information

1. Corroboration and accuracy of information is mandatory and these guidelines will be strictly adhered to with regard to the service of search warrants.
2. All criminal investigations of a drug or vice nature conducted by investigators shall be queried through Western States Intelligence Network (WSIN) and the Narcotics Information Network (NIN).

B. Warrant Service Preparation

3. The search warrant shall be reviewed by a supervisor after it has been signed by a judge.

2. A search warrant Operational Plan and briefing are not required when an investigator is serving a search warrant for financial records, merely to obtain information in exchange of records for warrant, or is given to the institution to prepare the records for seizure at a date in the future. These types of search warrants are to be handled in a low-key professional manner.
3. All participating investigators shall be present at the warrant pre-service briefing unless extenuating circumstances dictate otherwise. The Operational Plan will be provided to all assisting personnel. The appropriate jurisdiction agencies shall be advised of the briefing and asked to attend if their assistance is required.
4. Upon completion of the search warrant execution, the case investigator shall account for all copies of the Operational Plan.

D. Warrant Service

1. A supervisor shall be present during the service of a search warrant. The Bureau Chief Investigator must approve any exceptions to this rule.
2. The case investigator shall notify the proper jurisdiction agency dispatcher and watch commander, if practical, and obtain their assistance.
3. All personnel participating in the service of the warrant shall be in appropriate attire with all appropriate safety equipment including body armor and "Raid" vest. The assigned supervisor or designee is responsible for ensuring the required safety equipment is utilized and serviceable.

5. Searches shall be conducted only by peace officers or individuals specifically designated to assist at the direction of the peace officer specified in the search warrant affidavit.

E. Evidence Collection

The case investigator or designee locating items of evidence shall adhere to the policy and procedures in the "Property and Evidence Procedure." Photographs and/or video may be taken at the discretion of the case investigator.

F. Property Damage

1. Reasonable precautions and care shall be taken to prevent the inadvertent damage of personal property.

On-scene supervision will be advised of the damage and photographs will be taken. A responsible party for the property will be advised of the damage. A copy of the investigation report and search warrant face page will be forwarded to the Chief Investigator via the chain of command.
3. If requested by the property owner, the contact information for Risk Management will be provided. Risk Management will provide claim forms upon request.
4. The on-scene supervisor is responsible for contacting Risk Management should any damage occur and advise of any possible future claims as a result of our actions.

G. Minor children

If minor children are present during the arrest of a parent or guardian, the minor children may be released to the custody of a responsible adult with parental or guardian approval. Should a responsible adult be unavailable, the children will be taken into protective custody and placed into the appropriate shelter home.

H. Securing the Premises

1. Each investigator is responsible for ensuring all items of the Bureau and personal equipment, as well as tools used for searching and entry, are collected and returned to the Bureau. The case investigator or on-scene supervisor shall conduct a final walk-through of the premises at the conclusion of the search to check for unreported damage and items of evidence/equipment that may have been left behind.
2. The case investigator or on-scene supervisor shall ensure the premises are adequately secured upon leaving. They have the option to photograph and/or videotape the areas to be searched prior to and after the search is completed in an effort to document the status of the scene. If the premises cannot be secured, the arrestee(s) shall be advised, and at their discretion, a reasonable attempt will be made to contact a responsible party prior to departing.
3. A complete inventory of items removed pursuant to the warrant shall be listed, and a copy left at the location searched. A copy of the search warrant shall be left at the location searched. (This is not to include the Probable Cause statement.)

I. Reliable Businesses and Financial Institutions

1. Financial institutions are reliable businesses including major banks, mortgage companies, real estate companies, governmental agencies, and reputable businesses. No raid-type search warrants will be executed on a financial institution or reliable business without the consent of the Chief Investigator. If a raid-style execution is necessary because of a suspect/hostile business or institution, all normal search warrant requirements and procedures such as Operational Plans and briefings must be completed.
2. Businesses that are open to the public will be closed during the search for crime scene control. After all employees are identified, the owner or manager can send the employees home or leave them in a controlled location of the case investigator's choice. The decision to send employees home is up to the business owner.

PAROLE AND PROBATION SEARCHES

I. POLICY

It is the policy of the San Joaquin County District Attorney's Bureau of Investigation to conduct parole and probation searches in accordance with all laws. The conducting of parole and probation searches will be carried out on a basis of safety first. The safety of the public and department personnel involved will take precedence over the apprehension of wanted persons or recovery of contraband. Concern and respect for the civil rights and dignity of those persons who are being searched or with whom investigators come in contact with during such activity is required of all investigators.

II. PROCEDURE

A. Confirmation of Parole or Probation Status

1. When dealing with possible parolees, investigators shall do the following:

- B. Supervisor Notification
 1. Investigators will notify a supervisor prior to any parole or probation searches unless sound police practices dictate otherwise (i.e. exigent circumstances, etc.)
- C. Method of Entry and Search
 1. Investigators shall not force entry while conducting a parole or probation search without first obtaining a supervisor's approval or unless exigent circumstances exist. In all cases where forced entry is made, a description of the force used and any damages caused will be documented by photos and/or video. The forced entry damage must be documented in the investigator's report.
 2. All searches will be conducted in a courteous, professional, and non-destructive manner to the extent the circumstances deem possible. Any disarray caused by the searches will be minimized prior to the departure of the personnel conducting the search.
- D. Use of SWAT or Other Agency Entry Teams
 1. If any of the following conditions exist, contact a supervisor for approval:

(Adopted 07/11)

ARREST AND PRISONER PROCEDURES

I. POLICY

Sworn investigators, on occasion, arrest defendants/suspects in connection with their duties. Those arrests shall be in accordance with the laws of arrest of the State of California.

II. PROCEDURE

A. Treatment of Prisoners

1. Employees shall treat prisoners in a fair and humane manner at all times.
2. Fraternization with prisoners is expressly prohibited.

B. Search of Prisoners

Investigators shall search all persons taken into custody for weapons prior to transportation. Prisoners taken into custody by employees of the opposite sex shall only be touched in a manner necessary to detect weapons that might be concealed. An investigator of the same sex as the prisoner should complete a more thorough search.

C. Transportation of the Prisoners

1. Prisoners of the Opposite Sex
 - a. Investigators shall not transport prisoners of the opposite sex alone. If at all possible, an investigator of the same sex as the prisoner should be used to assist with the transportation. If that is not possible, an additional investigator is still required to assist with the transportation.
 - b. When transporting prisoners of the opposite sex, the radio (or telephone if radio transmission is not possible) shall be used to report the vehicle starting mileage, starting time, location of transportation, and intended destination to the Sheriff's Office dispatcher. Upon arrival, the dispatcher shall be advised of the ending mileage and time.

- c. If possible, every effort should be made to arrange for a uniformed officer in a marked unit to do the transportation.

2. Safety Issues

- a. Investigators shall take every precaution to ensure their own safety and the safety of the prisoner.
- b. A minimum of two investigators shall be utilized to transport a prisoner, with one investigator seated in the rear portion of the vehicle next to the prisoner.
- c. The prisoner shall be handcuffed during transportation.
- d. Prisoners shall wear a seat belt while being transported in a motor vehicle.
- e. A caged unit shall be used whenever possible. With prior supervisory approval under limited circumstances, the transportation of a prisoner by one investigator may be possible when a caged unit is used. The supervisor shall ensure that officer safety issues are considered prior to approval.
- f. On occasions when a prisoner is violent or combative, the investigator will contact the venue agency for transportation of the prisoner in a marked vehicle.

3. Commercial Transportation

- a. Investigators transporting prisoners via aircraft must have completed the TSA Flying Armed course. Refer to the "Firearms and Weapons" policy.
- b. The handcuffing of prisoners while utilizing commercial transportation can be affected by the policies and procedures of the commercial transportation carrier. Investigators shall take the necessary precautions to ensure their own safety and the safety of other citizens while complying with the commercial carrier's policies and procedures.
- c. When transporting a prisoner, the investigator must be able to physically restrain the prisoner at all times when being

transported by aircraft. The investigator is also solely responsible for the security of the prisoner. The level of restraint required/allowed by the air carrier is established as corporate policy and varies from carrier to carrier. Other prisoner transportation requirements aboard an aircraft include:

1. Neither the prisoner nor the escort shall be served any alcoholic beverages.
2. Notify the flight attendant if the prisoner is not to be served a meal.
3. At the destination, the investigator and the prisoner must remain seated until all other deplaning passengers have left the aircraft.

The need to fly armed is often misunderstood. For example, attending a training session where the student (investigator) will qualify with the firearm at some time during the week does not require traveling armed.

A telephone call to the airline on the day prior to travel could identify unique requirements and simplify the process for the investigator and carrier. Airline policy on types and uses of restraints may vary.

The investigator should understand that the airlines do not have an obligation to transport prisoners, and a variety of factors may cause a carrier to elect not to accept a prisoner as a ticketed passenger.

No persons, including law enforcement officers, may carry or transport mace, cap-stun, or similar chemicals on any aircraft (including carry-on and checked baggage).

D. Notice to Appear Citations

1. Notice to appear citations can be issued on infraction and misdemeanor law violations at the discretion of the investigator, and when not in conflict with state law or office policy.
2. The "booking required" box should be checked if you desire that the defendant be booked at a later time, at the direction of the Court.

3. The defendant must sign the citation in the appropriate location on the citation. If the defendant refuses to sign the citation, he/she shall be transported and booked.
4. Investigators are required to complete a report pertaining to the arrest following the Bureau's report writing procedure.
5. The notice to appear citation has four copies:
 - a. White copy – Original (Photocopy and attach to original report)
 - b. Yellow copy – Submitted to Clerks Office for calendaring of case
 - c. Pink copy – Defendant's copy
 - d. Goldenrod copy – Remains in investigator's citation book

(Adopted 07/11)

INITIATING CASES/REPORTS

I. OPENING CASES

- A. When an investigator interviews a complainant and is satisfied a crime has occurred, the investigator may initiate a crime report and open a case. This includes, but is not limited to, special investigations, on-sight violations and arrests, and warrant arrests.
- B. In any case where an investigation report number has been drawn, the following procedure shall be followed by all employees:
 - 1. The initial report shall be prepared within the time frame established by each Bureau supervisor.
- C. When an investigator is assigned a staff security or inmate security assignment, a case number will be drawn in relation to the assignment.

A staff security report or inmate security report will be completed documenting the request and actions taken to address the situation. The report is also to include the number of investigators and the time involved.

II. DRAWING A CASE NUMBER

Upon being assigned an initial or special investigation, a case number shall be designated at the time of the assignment.

III. TERMINATING AN INVESTIGATION

A Bureau supervisor must review, and approve, the completion of any report and the closure of any investigation.

(Adopted 07/11)

 - 1. Exceptions

PETITIONS TO EXPUNGE INVESTIGATIONS

I. POLICY

The District Attorney's Office, upon request, shall represent the People's interest when a subject has filed a petition to expunge his/her criminal record pursuant to Penal Code §1203.4 (Probationer may withdraw his/her Plea of Guilty or Nolo Contendere) and 1203.4a (Rehabilitation of Misdemeanants).

II. PROCEDURE

A. Investigator's Responsibilities

1. Each investigator shall review and become familiar with Penal Codes 1203.4 (Probationer may withdraw Plea of Guilty or Nolo Contendere) and 1203.4a (Rehabilitation of Misdemeanants).
2. Upon assignment of a petition to expunge a criminal record, a three prong test must be met. The investigator must determine:
 - a. Is the defendant currently serving a sentence for any offense?
 - b. Is the defendant on probation for any offense?
 - c. Is the defendant currently charged with the commission of any crime?
3. Penal Code § 1203.4a does not apply to a misdemeanor that is within the provisions of subdivision (b) of § 42001 of the Vehicle Code, or to any violation of the following Penal Code sections:
 - a. Penal Code 286(c)
 - b. Penal Code 288(a)
 - c. Penal Code 288(c)
 - d. Penal Code 288.5
 - e. Penal Code 289(j)
 - f. Penal Code 261.5(d) (Felony conviction only)
 - g. Any infraction

4. Check the date of the hearing.
5. Once the investigator determines the answer to these questions, a report documenting the facts of the investigation will be completed and submitted to the requesting DDA.

- a. The investigator will conduct an automated records check of the Petitioner's criminal history. These checks will focus on any negative/derogatory contacts the Petitioner may have had with law enforcement or the criminal justice system subsequent to his/her release from probation/parole.

These checks will additionally be directed in the county in which the Petitioner was convicted, and where he/she is currently residing. The checks will be made at the minimum through the following automated systems: AFS, AMOS, CII (Rap Sheet), CLETS, ARIES, LAWS, CIBER, FCE, CASELOAD EXPLORER, DMV, FBI (Interstate Rap Sheet Identification System) and the San Joaquin County Office of Revenue and Recovery. (The reports obtained to provide this information may also include, but are not limited to, the DA file, police arrest reports, parole/probation reports, court documents or statements made in the Petitioner's interview).

- b. These checks will focus at the minimum on additional arrests or convictions, additional periods of probation or parole, additional or current cases, warrants, and any outstanding fines. If available, obtain a copy of the arrest report. If the case and conviction are from another county, that court will be contacted for a copy of the conviction and sentence. Additionally, the law enforcement agencies in that county will also be contacted for any derogatory information they may have on the Petitioner. Any history of immigration violations, deportations, or illegal entry should be noted. If any new arrests or convictions are found, the report will indicate, if available, arresting agency, agency case number, charge(s), court of conviction, court number, and sentence.
- c. In checking the probation status (formal or informal), it should be noted in the report if all court ordered restitution and fines have been paid, and if any court ordered treatment or counseling programs have been completed.

(Caseload Explorer, Probation Department Officer of the Day, or the Office of Revenue and Recovery are good sources).

- d. If the Petitioner is required to register pursuant to Penal Code 290, 457.1, or Health and Safety Code § 11590, this fact will be noted in the report, as well as if the Petitioner is properly registered or not.
 - e. If the conviction is a welfare fraud conviction, IMPACT should be contacted to determine if any restitution and/or fees were ordered, and if they have been paid.
6. In conducting the investigation, the following format shall be utilized. In doing so, all statutory requirements of 1203.4 and 1203.4a of the Penal Code will have been thoroughly investigated.

SAN JOAQUIN COUNTY DISTRICT ATTORNEY'S OFFICE INTERNET AND COMPUTER USAGE POLICY

I. PURPOSE

The following will give you an understanding of the policies that govern the use of the San Joaquin County District Attorney's Office computer systems. These policies are in addition to San Joaquin County Information Security Policies established for all county employees. Keep this document for your information and reference.

II. INTERNET BACKGROUND

- A. The INTERNET is an electronic network, connecting millions of information system users via thousands of computer networks worldwide for the primary purpose of exchanging information electronically. As such, the INTERNET has the capability to:
1. Send electronic mail (eMail) between persons and/or organizations which are not otherwise connected.
 2. Transmit information (files), via data uploads and downloads, between persons and/or organizations whose internal communication structures are not connected.
- B. The INTERNET also provides access to information resources, including mailing lists on a variety of topics, such as;
1. News Groups;
 2. On-Line Library Services;
 3. Information Services;
 4. Electronic Text Archives;
 5. Electronic Journals;
 6. Electronic Legal Research Databases
- C. The INTERNET is an excellent tool and can provide tremendous assistance to you in the workplace. With this basic and brief explanation of the workings of the INTERNET, please review the following policy and procedures for the access and/or use of the INTERNET at the San Joaquin County District Attorney's Office.

III. POLICY AND SECURITY GUIDELINES

The usefulness of the INTERNET to the DA's office lies in the access and capabilities described above. This access and these capabilities will serve both the administrative and operational interests of the DA's office. However, it is important to stress the use of controls and access to the INTERNET.

The prime advantage of the INTERNET is the ability to communicate with virtually anyone, anywhere. That is also the characteristic that presents the greatest risk to the DA's office. The risk associated with uncontrolled access can have a far reaching impact on the integrity and preservation of our system. Without stringent controls, the access can be both ways, whether or not such was originally intended. To put it more plainly, **IF YOU CAN GET OUT (ELECTRONICALLY SPEAKING), OTHERS CAN GET IN.** Thus, minimizing these risks to the DA's office, its employees, and its information, is paramount. Therefore, there are controls over the use, administration and operation of the INTERNET within the San Joaquin County District Attorney's Office.

With the controls in place, the INTERNET will allow DA employees to access external information networks and information sites, whether they originate from governmental or business sources. The DA employees will access the INTERNET by means of a departmental network with a "firewall". DA employees will have a windows-based computer unit (PC) loaded with **PROFESSIONALLY APPROPRIATE SOFTWARE INSTALLED BY THE DA IT SYSTEMS STAFF ONLY.** The DA unit will include components and software that provide eMail and INTERNET access.

It is the policy of this Office that the DA units have the capability to access eMail and/or the INTERNET. Access through commercial service providers, such as AOL, MSN, CompuServe, Prodigy, etc., is not allowed. Access to personal accounts from commercial service providers from the DA's units is not allowed. Authorized access to eMail and the INTERNET will be at no cost to the DA employee.

It is imperative that the standards, guidelines and security requirements underlying the DA's INTERNET policy be thoroughly understood by any DA employee who is granted access to the INTERNET. **IT IS VITAL THAT ALL DA EMPLOYEES SCRUPULOUSLY ADHERE TO THE DA POLICY GUIDELINES AND PROCEDURES FOR INTERNET ACCESS AND USAGE.** See Addendum A for details of those guidelines and procedures. Violations of any of the rules established in the Internet Usage Agreement, Addendum A, may be used as a basis for adverse administrative and/or disciplinary action.

IV. RULES AND RESPONSIBILITIES

The rules and responsibilities regarding computer usage and INTERNET access via the District Attorney's Network include security and auditing measures. These measures have been established to ensure that any usage does not compromise the system, compromise an operation or otherwise involve improper use. The policies and procedures in this document apply to all District Attorney hardware and software including, but not limited to, DA portable computers and remote access accounts.

Once a DA employee has read and agreed to this document, he or she must submit the **INTERNET Access Request Form** for approval. The Form is provided as part of this policy packet. The Form should be returned to Marc Castillo with supervisor's signature.

V. INTRANET BACKGROUND

The DA's Office computer system is composed of several systems and access to systems via a Local Area Network and Wide Area Network. Services provided by this system include legal research, word processing templates, access to large databases for case management, printing documents, document imaging, and file storage. Each computer has been programmed to service and access all these systems. Each DA employee will be granted access to the systems on an as needed basis and is responsible for the proper use of each system as established in the Computer Use Policy, Addendum B.

ADDENDUM A

I. INTERNET USAGE AGREEMENT

The San Joaquin County District Attorney's Office has established the following guidelines for use of the INTERNET. All employees are expected to read and comply with the enclosed statement of policy. Violations of any of these rules may be used as a basis for adverse administrative and/or disciplinary action.

The INTERNET is not a single network; rather, it is a group of thousands of individual networks that allow traffic to pass among them. The traffic sent out to the INTERNET may actually traverse several different networks before it reaches its destination. It is essential for each employee to recognize his or her responsibility in having access to these vast services, sites, systems, and people. The employee is ultimately responsible for his or her action in accessing the INTERNET.

Use of the INTERNET is a privilege, not a right. Access to the INTERNET may be revoked at any time. This access has been provided to you as a business tool to enhance productivity for business purposes, such as legal research, eMail communications and access to databases in other county or state departments. All employees are responsible for using INTERNET services in a manner consistent with the San Joaquin County District Attorney's Office commitment to the highest professional and ethical standards. The following are examples of **inappropriate** INTERNET usage that will not be tolerated:

1. Accessing anything that negatively depicts race, sex or creed.
2. Accessing anything pornographic.
3. Sending any message that may be perceived as threatening.
4. Sending racially and/or sexually harassing messages.
5. Posting statements or information about the DA's Office, or data for which the DA's Office is responsible, except with written approval by the DA or his designated authority.
6. Conducting personal research or using the DA's INTERNET access for personal gain.
7. Giving anyone else use of your employee account or password.
8. Accessing chat facilities for personal use.

9. Sending chain letters.
10. Copying electronic files without permission.
11. Violating copyright laws.
12. Using equipment or resources to violate any law or perform any unethical act.
13. Performing unauthorized attempts to break into any computer or network.
14. Playing, installing, downloading any games.
15. Establishing any connection for the INTERNET, or service provider, into any DA system, equipment, etc., unless specifically authorized, in writing by the DA or designated authority.
16. Sending or posting confidential materials to any unauthorized people, inside or outside the DA's Office.
17. Sending sensitive or confidential messages to unauthorized recipients.
18. Releasing computer viruses, worms, Trojan horses or similar programs.
19. Taking deliberate action to make a computer system or network unavailable to other employees or users.
20. Loading **ANY** unauthorized software without prior approval. (This includes software from both the INTERNET and/or commercially purchased and installed by the employee.)
21. Using another online Internet Service Provider (e.g., America Online, CompuServe, Prodigy, etc.) other than the DA's Network INTERNET connection from within the DA's Network.
22. Altering, adding or remodeling any hardware components to any DA system.
23. Using Internet Radio or any Streaming Video or Web Broadcasts.

II. GENERAL GUIDELINES

All DA employees approved for INTERNET access are responsible for adhering to established security procedures. It is the Policy of the District Attorney's

Office that all DA employees create and administer their "log-on" passwords. Occasionally these passwords must be shared with DA designated administrative person(s). In conformance with the "Computer Use Policy", the employee's password to access the DA's network, eMail or the INTERNET is to be kept confidential. The security of the system password lies with the DA employee. No DA employee may bypass any of the security controls, nor give out any of his or her access names or passwords, nor post them near the computer so as could be found by unauthorized persons. **All DA employees approved for INTERNET and/or eMail access may have their usage monitored and will be held responsible for use or misuse of his or her account.**

All messages composed, sent or retrieved via the DA's Network connection are County property, and may be reviewed at any time.

MAIL ON THE INTERNET IS NOT SECURE. Never include anything in an eMail message that is sensitive or confidential. Anything written in an eMail message can be read, saved, printed or sent to other people that are not necessarily the intended recipients.

Proper disclosure of DA information should be processed by designated employees of the DA's Office to outside persons or agencies which have made proper requests for correspondence under the Freedom of Information and Public Records Acts.

A. Electronic Mail (eMail)

1. Keep messages short and to the point.
2. Be careful when sending replies - make sure you know whether you're sending to a group or to an individual.
3. Include a signature, which contains your eMail address so that others can contact you. In your signature include a disclaimer:

"This communication contains proprietary business information and may contain confidential information. If the reader of this message is not the intended recipient, or the employee or agent responsible for delivering it to the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you have received this communication in error, please immediately destroy, discard, or erase this communication."

4. Allow automatic virus checking on attached files received via eMail prior to opening them. This normally happens without your being aware of it, but may take several seconds depending on the size and type of the attachment. Call IT Support if you need assistance.
5. Avoid using all capital letters. (A SENTENCE LIKE THIS.) This makes it seem as though you are shouting.
6. Avoid clicking on HyperText links in eMail sent to you from unknown or unsolicited sources. These links are methods by which viruses are spread. Many of these come in foreign languages.
7. Do not register your DA eMail address with unofficial entities (i.e., Shopping Lists, Trivia Sites, Travel) or special Interests not of DA official business.

B. File Transfer Protocol (FTP)

An "FTP" site is a virtual place on the INTERNET where people can access files. For security reasons, it is imperative that no FTP servers be set up on a DA Office computer, unless specifically authorized by the District Attorney or his designated authority. If a DA employee needs to share files, such as through a brief bank, there is an established, secure way to accomplish the task.

C. World Wide Web (WWW)

1. Consider the source when relying on information obtained from a web site. There is no quality control process on the INTERNET, and information may be inaccurate or outdated.
2. Do not publish any DA information on the web without receiving prior approval from the DA or his designated authority.
3. Do not use Internet Radio or Web Broadcasts. These services put an extreme traffic load on our Internet Connection which slows down our normal Internet and Local Network Services.
4. Avoid clicking on HyperText links in pop-ups from unknown or unsolicited sources. These links are methods by which viruses are spread.

ADDENDUM B

I. **COMPUTER USE POLICY**

To ensure proper use of the DA's Office computer systems, each employee must adhere to a set of guidelines that ensure the continued functionality of each system.

Here are the rules:

1. No personal use of DA computers. Computers are for business purposes only.
2. No personal programs of any kind shall be installed by the employee.
3. No games of any kind shall be loaded or installed on any computer.
4. No additional hardware may be installed by the employee.
5. No modems may be installed.
6. Do not change any of the configuration, installation parameters, or computer settings. The computer has been meticulously programmed to the office standard which provides continuity and consistency so all employees may use any computer.
7. Do not leave your system open for use when it will be unattended. Make sure to lock your workstation by pressing the Start Button + L key combination before leaving your system unattended.
8. Shutdown and power off your system at the end of your work day. This includes any speakers and/or monitors on a separate power source.
9. Passwords must be at least eight (8) characters long and contain both alpha (a through z) and numeric (0 through 9) characters. The system will require you to change your password every 90 days.
10. Personal work files shall be stored in the special "HOME" network drive created for each employee. Any files stored on the local hard drive of the computer unit are not protected and not guaranteed to remain accessible and may be destroyed without notice.

11. Caution when using the Departmental Public Directory. Do not delete any files that you did not create or manage.
12. Do not overload the power strip or outlet where your computer is plugged in. Do not use personal heaters, fans or refrigerators on the same power circuit as the computer.
13. Keep all liquids away from the keyboard, mouse, monitor and computer unit.
14. NEVER CANCEL AUTOMATIC VIRUS CHECKS THE COMPUTER DOES DAILY. YOU COULD UNKNOWINGLY BE INTRODUCING A DAMAGING PROGRAM (VIRUS) INTO THE ENTIRE SYSTEM.

Violations of any of the rules established in the Computer Use Policy, Addendum B, may be used as a basis for adverse administrative and/or disciplinary action.

All DA employees approved for INTERNET/eMail access may have their usage monitored and will be held responsible for use or misuse of his or her account.

VI. ELECTRONIC MAIL (eMAIL) MANAGEMENT

To ensure better performance of the eMail System, mailboxes need to be properly maintained. Check your eMail **DAILY**, delete any unwanted messages immediately and empty the Trash Folder twice a week. Keep messages remaining in your mailbox to a minimum. Save important eMail and attachments to your network home folder. Do not give your eMail address to anyone you do not want to send you eMail. If you register your eMail address with any automatic eMail subscription service where you receive periodic eMail automatically from the service, you must unregister the service when you leave employment or when you no longer need the service. This type of registration must be of business nature only. No registration for store sales, accounts notification etc. If you do not use your eMail account, it may be deleted after 45 days of inactivity. eMail, Appointments and Tasks that are older than 370 days will be automatically deleted by the weekly system maintenance process that runs at 10:00 P.M. every Saturday. eMail has a 60K size limit to constrain the spreading of eMail viruses. If you need to receive eMail that is larger than 60K, please contact Marc Castillo.

Access to DA's Office computer systems and network is requested by filling out a **Network Access Request** form. This form provides the information needed to create a network access account for the employee. The Form is a separate sheet in this packet. The form should be returned to Marc Castillo with supervisor's signature.

VII. SUPPORT

Should the computer cease to function properly or you need assistance, you should call the IT support line.

2. Logical Extraction

A. The extraction of data from the drive is based on the file system present on the drive.

c. Analysis of Extracted data

1. Analysis is the process of interpreting the extracted data to determine their significance to the case. Some examples of analysis that may be performed include time-frame, data hiding, application and file, ownership and possession. Analysis may require a review of the request for service, legal authority for the search, investigative or analytical leads.

A. Time Frame Analysis

2. A review of system and application logs that may be present, error logs, installation logs, security logs, etc.

B. Data Hiding Analysis

1. Data hiding analysis is useful in detecting and recovering data which may indicate knowledge, ownership or intent.

C. Application and File Analysis

1. Programs and files identified may contain information relevant to the investigation and may provide insight into the capability of the system and knowledge of the user.

D. Ownership and Possession

1. Advise the defense attorney of the exact time and date of the lineup (*US v. Wade*, the defendant is entitled to counsel at a lineup).
 - a. The defense attorney is entitled to reasonable notice (preferably 48 hours) prior to the lineup. This will allow time for the defense attorney to arrange his/her schedule if so desired. If the defense attorney is not present at the scheduled time, the lineup shall proceed without him/her.

2. The investigator shall also list the total number of hours needed to conduct the lineup and list this at the bottom of the report.

Sheriff's personnel request a lineup not be held when the defendant is to appear in court so his physical appearance will be "natural", e.g., not dressed in special clothes, clean shaven, etc.

If officers from several departments are to be present at the lineup, they should confer together before the lineup in order to establish who will give directions to the witnesses. This preparation is necessary to alleviate confusion.

RECORDED PRESERVATION OF TESTIMONY

I. POLICY

A. General Statement

Criminal prosecution of elder and dependent adult abuse cases present unique prosecutorial challenges including victim unavailability due to death or incapacitation, resulting from advanced age, a decline in cognitive capability and/or physical conditions and limitations.

Preservation of victim testimony at a preliminary examination, which can later be introduced as evidence at trial if necessary, may prove critical in the event the victim passes away or becomes otherwise incapacitated.

Testimony preserved by recording provides for an audio and visual representation of the event such that a jury can see and hear the victim as they were at the time.

The policy of the San Joaquin County District Attorney's Bureau of Investigation shall be to facilitate the preservation of victim and/or witness testimony in elder and dependent abuse cases, as well as any other case for which circumstances dictate, by means of recording and upon request of the prosecuting Deputy District Attorney.

 - a. Repeat the aforementioned procedure in the event there is a need for subsequent SD cards to capture the entirety of the testimony.
 2. At the conclusion of the victim's testimony, the SD card will be returned to the Bureau office and the testimony will be transferred onto DVD.

RETIREMENT ID CARDS AND AUTHORIZATION TO CARRY FIREARM

I. POLICY

- A. It is the Bureau's policy to issue identification cards to retiring District Attorney Investigators. The design of the retirement card is solely at the discretion of the Bureau within Penal Code guidelines. The card will indicate whether the retiree is authorized to carry a concealed weapon after retirement.
- B. Authorization to carry a concealed weapon is a privilege and not a right. The Bureau's liability and safety to the community are of prime concern and take precedence over the retiree's right to carry a firearm.

II. PROCEDURE

- A. The retiree and the Bureau shall conform to the regulations outlined in California Penal Code § 12027, 12027.1, and 12031, which outline the requirements, conditions, and descriptions of those persons authorized to carry a concealed weapon (CCW).
- B. A retiree identification card with a CCW endorsement expires every five (5) years. It is the responsibility of the retiree to petition the Bureau for a renewal at that time.
- C. Authorization to carry a concealed weapon does not apply to any employment, business or volunteer work the retired investigator may perform. If the activity requires the retiree to be armed, the retired investigator must qualify through means that any other citizen would qualify to be legally armed. If the authorization is used for other employment, volunteer work or business, the authorization to carry a firearm is considered immediately revoked.
- D. The retiree must annually qualify with any weapon intended to be carried in retired status.
- E. The District Attorney may, at any time, deny or revoke the retired investigator's privilege to carry a firearm or identification card. Good cause includes, but is not limited to, the following:
 - 1. Failure to meet annual qualifications.
 - 2. Retiree's conduct compromises public safety.

3. Suffering an emotional or nervous disorder.
 4. Being legally committed, either voluntarily or involuntarily, to any hospital, mental institution, or other facility for treatment of a mental or emotional disorder or for the use of alcohol, drugs, or narcotics, or suffer from an addiction to any or all of the foregoing substances.
 5. Committing an act of misconduct, violating any departmental rule, state law or federal law that if violated by an investigator on active duty would result in that investigator's arrest, suspension, or removal from the Bureau.
- F. Failure to comply with any provision of this policy and procedure will result in the immediate revocation of the retiree's right to carry a concealed firearm.
